March 19, 2020

The Honorable Mayor, City Council, and Citizens City of Brenham Brenham, Texas

The Finance Division and the City Manager's Office are pleased to submit the Comprehensive Annual Financial Report (CAFR) of the City of Brenham, Texas for the fiscal year ended September 30, 2019. State law requires that all general-purpose local governments publish, within six months of the close of the fiscal year, a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. The purpose of the CAFR is to provide accurate and meaningful information concerning the City's financial condition and performance.

This report consists of management's representations concerning the finances of the City of Brenham. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Brenham has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Brenham's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City of Brenham's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City of Brenham's financial statements have been audited by Seidel Schroeder, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Brenham for the fiscal year ended September 30, 2019 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City of Brenham's financial statements for the fiscal year ended September 30, 2019, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP requires management to provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City of Brenham's MD&A can be found immediately following the report of the independent auditors.

THE CITY AND ITS ORGANIZATION

Profile of the Government

The City of Brenham, incorporated in 1858, is located in the central part of the state, between Houston and Austin. The City of Brenham currently occupies a land area of approximately ten square miles and serves a population of approximately 16,372. The City of Brenham is empowered to levy a property tax on both real estate and personal properties located within its boundaries. It also is empowered by state statute to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by the governing body, the City Council.

The City of Brenham has operated under the council-manager form of government since 1920. Policy-making and legislative authority are vested in a governing body consisting of the Mayor and six Council members. The governing body is responsible, among other things, for passing ordinances, adopting the budget, appointing committees, and hiring both the government's city manager and city attorney. The government's city manager is responsible for carrying out the policies and ordinances of the governing body, for overseeing the day-to-day operations of the government, and for appointing the heads of the various departments. The council is elected on a non-partisan basis. The Mayor and Council members serve four-year terms. Four of the council members are elected by ward. The Mayor and the two remaining council members are elected at large.

City Services

The City of Brenham provides a full range of services, including police and fire protection; the construction and maintenance of streets, and other infrastructure; and recreational activities and cultural events. In addition, Sanitation, Gas, Water, Wastewater, and Electric operations are provided by the City of Brenham. The City is financially accountable for a legally separate entity, the Brenham Community Development Corporation, which is reported as a separate component unit within the City of Brenham's financial statements. Additional information on this entity can be found in the notes to the financial statements.

Annual Budget Process

The annual budget serves as the foundation for the City of Brenham's financial planning and control. All agencies of the City of Brenham are required to submit requests for appropriations to the government's city manager on or before the 15th of July each year. The city manager uses these requests as the starting point for developing a proposed budget. The city manager then presents this proposed budget to the council for review prior to August 30. The council is required to hold public hearings on the proposed budget and to adopt a final budget no later than September 30, the close of the City of Brenham's fiscal year. The appropriated budget is prepared by fund and department. While department heads may make transfers of appropriations within a department up to \$2,500, transfers over that amount require the approval of the City Manager or the Assistant City Manager. The City Manager is authorized to transfer budgeted amounts between line items and departments within any fund. Budget-to-actual comparisons are provided in this report for the General Fund, which is presented on page 34 as part of the basic financial statements.

ECONOMIC CONDITION AND OUTLOOK

The information presented in the financial statements is perhaps best understood when it is considered within the context of the City's economy. The following information is provided to highlight a broad range of economic forces that support the City's operations.

Local Economy

Unlike some parts of the nation, the City of Brenham's economy is stable and we are fortunate to have a diversified revenue base which has helped mitigate some economic hardships other governmental entities are facing. Several indicators of our stable economy are noted below.

ECONOMIC CONDITION AND OUTLOOK (continued)

Local Economy (continued)

- Growth in Sales Tax Revenue sales tax, which is the largest revenue source for funding general
 government operations and maintenance, was budgeted at a 3% growth rate in FY20 after strong
 performance in FY19.
- Strong Taxable Property Valuations the City's certified taxable property valuations for the 2019 tax year rose by 10.3% from \$1.3 billion last year to \$1.5 billion. This growth included over \$16.2 million in new property and improvements.
- Unemployment for the County unemployment rate for Washington County in September 2019 was 3.1% compared to 3.6% one year ago and was favorable to the State's average unemployment rate of 3.3%.
- Strong Growth in Hotel Occupancy Tax Revenues for FY19, hotel occupancy tax collections totaled \$777,390 which was 20% higher than the original budget of \$645,000 and 16% above FY18 levels. The first quarter of FY20 is also trending favorably.

Economic Development

The City is fortunate to have major industries with headquarters or divisions located within the City's boundaries including an ice cream manufacturer, a steel lighting standards manufacturer, a national brand mattress manufacturer, and a globally distributed salad dressing manufacturer. Also located within the City are a nationally known retail super center and two nationally known home improvement retail stores. Other significant employers include the regional home office of a state-wide insurance provider, a regional food distributor and a regional health care facility. The state also has a major economic presence in the area thanks to Blinn College, the oldest junior college in the state, and to a major mental health facility, which together provide employment for nearly 1,800 educators, health care professionals and staff.

Brenham is economically feasible for business and residential sites due to the affordable utility and property tax rates. The City owns all of the utilities – electric, gas, water and wastewater – as well as a full range of sanitation services. Through the City's ownership, overhead is shared, allowing a lower rate structure to insure cost recovery.

The City continues to experience stable economic development through growth in residential and commercial development and infrastructure improvements. Several highlights are noted below.

- Acceptance of public infrastructure improvements in Oak Alley Phase I and II, a 23 lot residential subdivision, for water and sanitary sewer improvements totaling \$116,532.
- Acceptance of public infrastructure improvements in Vintage Farms Phase I, a 137 lot residential subdivision, for water, sanitary sewer, storm sewers, and street improvements totaling \$1.26 million.
- Residential building permits In FY19, we issued 68 residential building permits totaling \$8.3 million as compared to 55 permits totaling \$6.7 million in FY18.
- Commercial building permits The City issued 16 commercial building permits for \$19.3 million compared to 13 commercial building permits totaling \$6.9 million in FY18. New projects include Blue Bell Creameries Fleet and Pallet Building for \$16 million, Blinn College Agriculture Building for \$1.3 million, Silver Sage Memory Care Center for \$1.5 million and HEB Grocery parking lot for \$300,000.
- The City continues to invest in water utility infrastructure improvements and streets and drainage improvements. In February 2019, the City issued over \$3 million in bonds for water main replacements, reimbursement for emergency streets and drainage repairs, and residential and downtown drainage projects.

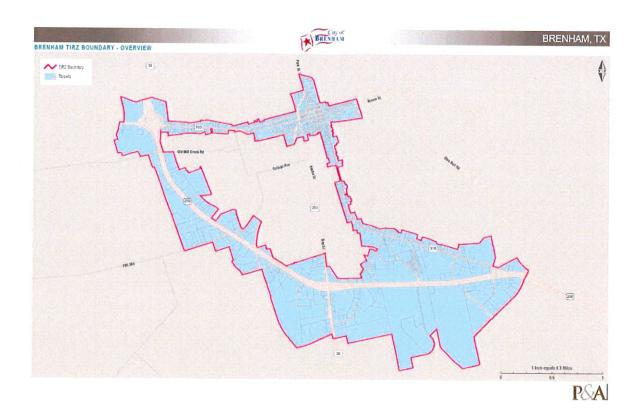

ECONOMIC CONDITION AND OUTLOOK (continued)

Economic Development (continued)

Another factor contributing to Brenham's economic success includes a tax abatement policy and establishment of Reinvestment Zones to encourage employment and provide incentives for business development and expansion. The City has 13 companies currently being monitored for tax phase-in compliance verifying that value creation and employment and payroll criteria are being met. In accordance with GASB Statement No. 77, additional information on tax abatement can be found in the notes to the financial statements. During the year, one tax-phase-in agreement was approved with Del Sol Food Company, Inc. for business expansion that included \$1.3 million in capital investment and the creation of 10 new jobs.

In FY18, Blue Bell Creameries was designated by the Office of the Governor as an Enterprise Project under the Texas Enterprise Zone Program with plans to invest over \$40 million in capital improvements by way of new construction, facility improvements and equipment upgrades over the next five (5) years. During FY19, the Blue Bell Creameries Fleet and Pallet Building, estimated at \$16 million, was nearing completion.

In accordance with Section 311.03 of the Texas Tax Code, the City Council approved an Ordinance for the creation of a Tax Increment Reinvestment Zone (TIRZ) in FY19. The TIRZ contains approximately 2,201 acres of land in areas in which the City would like to encourage new investment and attract development. During the 30-year term, new development that occurs within the TIRZ will generate approximately \$31.1 million in total new property tax revenue with the City of Brenham's portion being \$17.6 million. The tax increment base of the property is \$260,032,380 which was determined by the appraisal district in which the TIRZ is located. For each year of the term, the City will deposit in the TIRZ Fund an amount equal to 50% of the City's real property taxes levied and collected that constitute the City's tax increment for that year. The TIRZ boundary is shown below.

ECONOMIC CONDITION AND OUTLOOK (continued)

Economic Development (continued)

As provided in the Texas Local Government Code, the Council also approved a Chapter 380 Economic Development Agreement with BK Stringer Limited related to a commercial and retail development project. Upon completion, the 200,000 square foot development is expected to produce new taxable property value of more than \$20 million and annual sales tax revenues to the City estimated to exceed \$400,000. The first certificate of occupancy is set for July 2021. The City agreed to rebate sales tax generated from this development to BK Stringer. Sales tax grant payments shall be paid annually until the cumulative payments equal \$6 million or a total of 12 years, whichever occurs first.

The collection of a three-eighth cent sales tax allocated for economic development and recreation use has allowed the City to create a business park and recreational facilities, providing for new development opportunities. The recreational portion of this three-eight cent sales tax provided over \$1 million for improvements to our existing park facilities and aquatic center during the fiscal year.

The Main Street Brenham program continues to thrive with a strong volunteer base which organizes and supports many downtown festivals, events and tourism promotions. We also recognize the impact of a vibrant downtown district on economic development.

FINANCIAL INFORMATION

Long-term Financial Planning

Along with five-year projected operating budgets, the City has developed a five-year strategic plan that encompasses department requests as well as those projects identified in the "Drive to 2025" plan. The projects/requests are grouped into four major areas: human resources, information technology, vehicles/equipment, and infrastructure. The plan is updated annually and reviewed with the Council to evaluate department requests as they relate to maintaining current service levels or enhancing service levels. The strategic plan is the basis for budget discussion and policy decision-making. The City has also adopted financial policies to help achieve a long-term, stable and positive financial condition.

Since the General Fund is the chief operating fund of the City of Brenham, a significant Council priority was the adoption of a Fund Balance Policy for Governmental Funds. It addresses the implications of *Governmental Accounting Standards Board (GASB) Statement No. 54 Fund Balance Reporting and Governmental Fund Type Definitions.* The policy was created in consideration of unanticipated events that could adversely affect the financial condition of the City and jeopardize the continuation of necessary services. The policy ensures that the City maintains adequate fund balance reserves in order to provide sufficient cash flow for daily financial needs, secure and maintain investment grade bond ratings, offset significant economic downturns or revenue shortfalls, and provide fund for unforeseen expenditures related to emergencies.

The policy states that the City will maintain a minimum unrestricted fund balance in its General Fund at an amount equal to three months (90 days) of operating expenditures and also maintain an additional reserve amount equivalent to five (5) days for unanticipated renovations and repairs (R&R). At the end of FY19, the unassigned fund balance was \$4.7 million or 117 days compared to \$4.1 million or 99 days coverage in FY18. The growth in unassigned fund balance is primarily attributable to proceeds from certificates of obligation to reimburse the use of General Fund reserves for emergency street and drainage projects in FY18. [For purposes of this calculation, we used total expenditures less other financing sources/(uses)].

The City also adopted a comprehensive Debt Management Policy in accordance with recommended GFOA best practices. The policy sets forth criteria for debt financing decisions and establishes the parameters for issuing new debt, as well as, managing the existing debt portfolio. Adherence to a debt management policy signals to ratings agencies and the capital markets that a government is well managed.

FINANCIAL INFORMATION (continued)

Major Initiative - Recovery from May 2016 Flooding Event

The City of Brenham has reached the three-year mark following the May 2016 flooding event when the City received over 20 inches of rainfall in a 24-hour period. We identified eleven general government infrastructure projects which could be eligible for FEMA participation totaling over \$2.6 million. In FY18, the City increased the I&S tax rate a half-cent for the City's 25% FEMA match and issued certificates of obligation (COs) in December 2017.

Before the City could finalize project eligibility with FEMA, three locations were deemed emergency repairs, and Council awarded emergency construction contracts in mid-2018. During FY19, the City issued COs for \$1.5 million to reimburse the General Fund for emergency street and drainage repairs, and other locations denied by FEMA.

In mid-2019, we recruited an in-house grants manager to assist with FEMA grant reporting, completion of required documentation and submission for reimbursement. At the end of FY19, we had 14 general government infrastructure projects, three (3) water projects and three (3) wastewater projects in multiple stages of completion. Our goal for FY20 is to reach successful completion and resolution with FEMA for most of these projects.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association (GFOA) awarded the Certificate of Achievement for Excellence in Financial Reporting to the City for its comprehensive annual report for the fiscal year ended September 30, 2018. This is the eleventh consecutive year that the City has received this award. In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized comprehensive annual financial report whose contents conform to program standards. Such reports must satisfy both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one-year only. We believe our current report continues to conform to the Certificate of Achievement Program requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report on a timely basis would not have been accomplished without the dedicated and efficient staff of the Finance Department and they are to be commended for their exemplary performance. Appreciation is expressed to City employees throughout the organization, especially those employees who were instrumental in the successful completion of this report.

We would like to thank the Mayor and City Council for their interest and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members of the City Council City of Brenham, Texas

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Brenham, Texas, (the "City") as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Brenham, Texas, as of September 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 15 through 26 and the schedule of changes in total OPEB liability and related ratios, schedule of changes in net pension liability and related ratios-Texas Municipal Retirement System, schedule of contributions-Texas Municipal Retirement System, schedule of the city's proportionate share of the net pension liability-Texas Emergency Services Retirement System, and schedule of contributions-Texas Emergency Services Retirement System on pages 83 through 88, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Brenham, Texas' basic financial statements. The introductory section, the combining fund statements and schedules, reports for management section, and statistical section listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal and state awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements.

The combining fund statements and schedules, schedule of expenditures of federal awards, and schedules within the reports for management are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures

applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining fund statements and schedules, schedule of expenditures of federal and state awards, and schedules within the reports for management are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated March 16, 2020 on our consideration of the City of Brenham, Texas' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness of the city of Brenham, Texas' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering City of Brenham, Texas' internal control over financial reporting and compliance.

Brenham, Texas March 16, 2020

CITY OF BRENHAM, TEXAS

Management's Discussion and Analysis September 30, 2019

The Management Discussion and Analysis (MD&A) provides a narrative overview and analysis of the financial activities of the City of Brenham for the fiscal year ended September 30, 2019. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages 1-6 of this report. All amounts, unless otherwise indicated, are expressed in thousands of dollars.

FINANCIAL HIGHLIGHTS

The following financial highlights summarize the City's financial position and operations as presented in more detail in the Basic Financial Statements (BFS).

- The assets and deferred outflows of the City of Brenham exceeded its liabilities and deferred inflows at the close
 of the most recent fiscal year by \$99,882 (net position). Of this amount, \$9,895 (unrestricted net position)
 may be used to meet the government's ongoing obligations to citizens and creditors.
- The government's total net position increased by \$2,207.
- As of the close of the current fiscal year, the City of Brenham's governmental funds reported combined ending fund balances of \$8,472 a decrease of \$2,139 in comparison with the prior year. Approximately \$4,666 is available for spending at the government's discretion (unassigned fund balance).
- At the end of the current fiscal year, fund balance for the general fund was \$5,071 or 26% of total general fund expenditures.
- The City of Brenham's total bonded debt decreased by \$2,284 or 7.2% during the current fiscal year.

OVERVIEW OF THE FINANCIAL STATEMENTS

Basic Financial Statements. The MD&A is intended to serve as an introduction to the City's BFS. The BFS are comprised of three components: 1) Government-Wide Financial Statements (GWFS), 2) Fund Financial Statements (FFS), and 3) Notes to the Basic Financial Statements (Notes). The CAFR also contains other supplementary information in addition to the BFS.

Government-Wide Financial Statements. The GWFS, shown on pages 27-29, contain the Statement of Net Position and the Statement of Activities, which are described below, and are designed to provide readers with a broad overview of the City of Brenham's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the City of Brenham's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Brenham is improving or deteriorating.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the GWFS distinguish functions of the City of Brenham that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City of Brenham include general government, public safety, highways and streets, debt service, health and welfare, and culture and recreation. The business-type activities of the City of Brenham include water, wastewater, sanitation, gas and electric distribution operations.

Component Unit and Blended Component Unit. The GWFS include not only the City of Brenham itself (known as the *primary government*), but also a legally separate community development corporation (Brenham Community Development Corporation - BCDC) for which the City of Brenham is financially accountable. Financial information for this Component Unit is reported separately from the financial information presented for the primary government itself. The *Blended Component Unit* (City of Brenham Community Projects Fund, Inc.) which was created in 2016, does not have a separate financial statement for FY19.

OVERVIEW OF THE FINANCIAL STATEMENTS – (Continued)

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Brenham, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Brenham can be divided into two categories: *governmental funds* and *proprietary funds*.

Governmental FFS. Governmental funds are used to account for essentially the same functions reported as governmental activities in the GWFS. However, unlike the GWFS, governmental FFS focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the GWFS, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the GWFS. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City of Brenham maintains 11 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Debt Service Fund, and US 290 Pass Thru Finance Fund which are considered to be major funds. Individual fund balance sheets and statements of revenues, expenditures, and changes in fund balance for the other 9 governmental funds are presented in the supplementary information section. The governmental FFS can be found on pages 30-34 of the CAFR.

The City of Brenham adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget.

Proprietary FFS. The City of Brenham maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as business-type activities in the GWFS. The City of Brenham uses enterprise funds to account for its water, wastewater, sanitation, gas, and electric distribution operations. *Internal Service Funds* are an accounting device used to accumulate and allocate costs internally among the City of Brenham's various functions. The City of Brenham uses internal service funds to account for its risk management services and central fleet. At the government-wide level, the financial statements of the worker's compensation internal service fund are included in the governmental activities in the government-wide financial statements, while the fleet management internal service fund is presented in the business-type column.

Proprietary funds provide the same type of information as the GWFS, only in more detail. The proprietary FFS provide separate information for the water, wastewater, sanitation, gas, and electric distribution operations, which are considered to be major funds of the City of Brenham. The internal service funds are reported in a separate column in the proprietary fund financial statements. The proprietary FFS can be found on pages 35-39 of this report.

Notes to Basic Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the GWFS and FFS. The notes can be found on pages 41-83 of this report.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain required and additional supplementary information concerning the City of Brenham's operations. The combining statements referred to earlier in connection with nonmajor governmental funds are presented in these sections. Combining and individual fund statements can be found on pages 94-122 of this report. Information relating to federal and state grant awards begins on page 163 of this report. The statistical section can be found on pages 143-166 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position serves as a useful indicator of the City's financial position. Assets exceeded liabilities by \$99,882 (net position) at the close of the fiscal year, compared to assets exceeding liabilities by \$97,676 (net position) at the end of the prior fiscal year. The City's total net position increased by \$2,207 during the period.

City of Brenham, Texas Net Position (Amounts in Thousands)

| Deferred inflows - Post Employment Benefits | | 77 | - | | 34 | - | | 111 | | - |
| Total Deferred Inflows of Resources | | 1,831 | 1,934 | | 716 | 813 | | 2,547 | | 2,747 |
| Net Position | | | | | | | | | | |
| Net invested in capital assets | | 44,953 | 45,336 | | 44,304 | 41,840 | | 89,257 | | 87,176 |
| Restricted | | 730 | 406 | | - | - | | 730 | | 406 |
| Unrestricted | | (3,641) | (2,689) | | 13,536 | 12,783 | | 9,895 | | 10,094 |
| Total net position | \$ | 42,042 | \$ 43,052 | \$ | 57,840 | \$ 54,623 | \$ | 99,882 | \$ | 97,676 |

By far the largest portion of the City of Brenham's net position, \$89,257 or 89.36%, reflects its net investment in capital assets e.g., land, buildings, machinery, and equipment, less any related debt used to acquire those assets. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City of Brenham's net position of \$730, less than 1%, represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position \$9,895 may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City of Brenham is able to report positive balances in all three categories of net position for the government as a whole. The same situation held true for the prior fiscal year.

CITY OF BRENHAM, TEXAS

Management's Discussion and Analysis September 30, 2019

GOVERNMENT-WIDE FINANCIAL ANALYSIS – (Continued)

Governmental activities. Governmental activities decreased the City of Brenham's net position by \$1,027 compared to a decrease of \$197 in the prior fiscal year. A restatement of beginning net position from land transfer which was not recorded in the prior fiscal year offset this decrease by \$16. Key elements are noted below.

Revenues increased to \$20,647 from \$19,342 or \$1,305 during the year (6.7%). This increase is attributable to several factors.

Program Revenues

- The increase in *Charges for Services* is from park/aquatic facility rentals, animal adoptions and event revenue at the Barnhill Center;
- The decrease in Operating Grants and Contributions is attributable to FEMA disaster recovery in several areas:
- The increase in *Capital Grants and Contributions* is due to new streets and storm drainage infrastructure in the Vintage Farm subdivision.

General Revenues

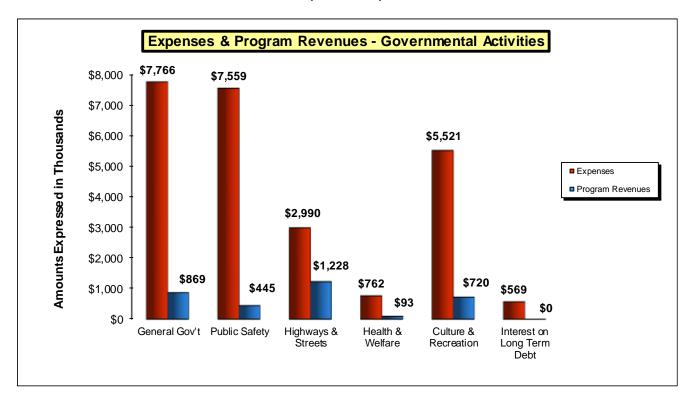

- The increase in Property Taxes is attributable to property valuation growth of over 4%;
- Sales Taxes increase over the prior year due to a more robust economy;
- Franchise Taxes are received from the enterprise funds and are budgeted at 7% of revenue. The franchise taxes were lower than the prior year by 4% which is directly attributable to decreased revenues in the Electric and Gas Funds from lower consumption;
- Hotel Occupancy Taxes which are derived from a 7% hotel occupancy tax increased during the year due
 to the resurgence of oil and gas business as new fracking techniques make extraction from the local Austin chalk
 possible;
- Other Revenues were lower due to reduced Payments from Component Unit because the last repayment on long-term debt was made in FY18.

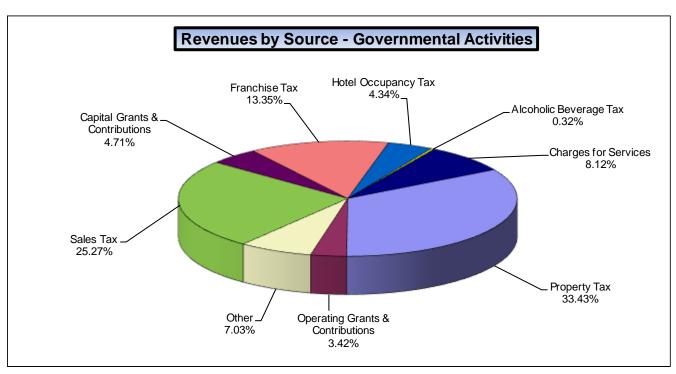

Expenses increased to \$25,166 from \$22,802 or \$2,364 during the year. This increase is attributable to several factors.

- General Government expenses increased by \$992 due to several items: \$547 of the increase was due
 to the close-out of the Hwy 290 Fund and payment to Washington County for 50% of residual proceeds;
 the remaining \$445 increase is due to higher audits/consultants due TIRZ creation and economic
 development; stairwell safety improvements at City Hall; increased compensated absences; the additional
 pension expense under GASB 75 OPEB implementation and TMRS pension expense under GASB 68
 reporting requirements;
- Public Safety expenses increased \$504 due primarily to the implementation of the Compensation Study and higher pension expense for TMRS and TESRS under GASB 68 reporting requirements;
- *Highway/Streets* expenses increased by \$103 from downtown removable bollards for traffic control and crowd safety; non-capital equipment purchases and increased street maintenance;
- Culture and Recreation expenses were higher by \$721 due to several items: a full year of operating the Barnhill Center and "Visitor Brenham" tourism program; outdoor leisure pool drain repairs; HVAC repairs at the library including annual maintenance and inspection; increased library programming expenses; and completion of the strategic plan for tourism;
- Health and Welfare increased by \$67 due mainly to building repairs; additional shelter supplies and staffing costs labor due to a larger animal population;

Transfers increased during the year by \$231 which is directly proportional to the overall increase in actual expenses in the governmental indirect departments (Administration, Main Street, Maintenance, Finance, Purchasing/Central Warehouse, HR/Risk Management, and Information Technology) which are allocated to the business-type activities.

GOVERNMENT-WIDE FINANCIAL ANALYSIS – (Continued)

GOVERNMENT-WIDE FINANCIAL ANALYSIS – (Continued)

Business-type activities. Business-type activities increased the City of Brenham's net position by \$3,298 compared to an increase of \$2,159 in the prior fiscal year. However, a restatement of beginning net position as a result of a capital asset disposal which was not recorded in the prior fiscal year reduced the ending net position by \$81. Key elements are noted below.

Revenues decreased to \$38,485 from \$38,677 during the year (less than 1%). This decrease is attributable to several factors.

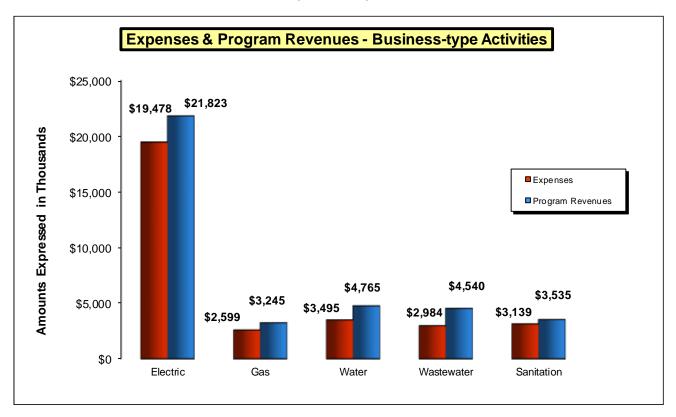

- The charges for services in the Electric Fund decreased \$1,206 or 5.2% due primarily to the LCRA wholesale power cost adjustment passed on to the City and lower kWh consumption.
- Gas Fund revenues experienced a \$56 decrease due to lower mcf consumption from milder winter weather reducing heating needs.
- The charges for services in the Water Fund decreased \$150 during the year. Unusually wet weather contributed to lower consumption which was down 75 million gallons from the prior fiscal year.
- Charges for services in the Wastewater Fund were lower by \$97 from industrial surcharges running lower than the prior year.
- The Sanitation Fund charges for services were higher by \$52 due primarily to higher Transfer Station revenues.

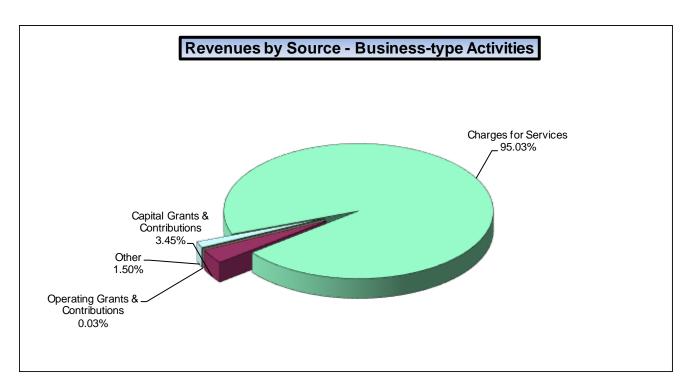

Expenses decreased to \$31,694 from \$33,256 or 4.7% during the year with specific changes presented below.

- Electric Fund expenses decreased \$1,716 or 8% due to lower costs for wholesale power combined with lower kWh consumption by customers.
- Gas Fund expenses increased by \$101 due to higher purchase costs per mcf, higher salaries and maintenance.
- The Water Fund operating expenses increased by \$68 due to higher salaries and supplies.
- Wastewater Fund expenses decreased by \$93 due mainly to lower plant maintenance.
- With four operational areas, the Sanitation Fund expenses increased by \$80 overall due mainly to higher disposal costs.

Transfers out increased by \$231 during the year which is directly proportional to the overall increase in actual expenses in the governmental indirect departments (Administration, Main Street, Maintenance, Finance, Purchasing/Central Warehouse, HR/Risk Management, and Information Technology) which are allocated to the business-type activities.

GOVERNMENT-WIDE FINANCIAL ANALYSIS – (Continued)

CITY OF BRENHAM, TEXAS Management's Discussion and Analysis

September 30, 2019

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the City of Brenham uses fund accounting to ensure and demonstrate compliance with financerelated legal requirements.

Governmental funds. The focus of the City of Brenham's governmental funds is to provide information on nearterm inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of Brenham's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City of Brenham's governmental funds reported combined ending fund balances of \$8,472 a decrease of \$2,138 in comparison with the prior year. The General Fund highlights are discussed in the following section. Significant changes in other governmental funds are noted below.

The U.S. Hwy 290 Pass-Thru Finance Fund has a \$0 fund balance or a decrease of \$2,790 in comparison to the prior fiscal year. Pass-Through Toll Revenue Bonds in the amount of \$15 million were issued in FY11 to fund a major transportation project with the Texas Department of Transportation. Repayments from TxDOT were based on traffic levels. In years 2013 through 2017, the City received repayments from TxDOT totaling \$15 million for principal repayments. The City and Washington County were each responsible for 50% of the interest on the bonds. The final debt service payment on the Pass-Thorough Toll Revenue Bonds was made in August 2019 and the residual balance in the Fund was divided equally between the City and County.

In Other Governmental Funds, the combined fund balance of \$2,780 decreased by \$152. This decrease is mainly attributable to activity in the 2017 Capital Projects Fund which is used to account for proceeds and approved expenditures for the 2017 Bond projects. In FY19 we completed drainage improvements of \$411; however, this decrease was offset by increased revenues in the Hotel/Motel Tax Fund.

Proprietary funds. The City of Brenham's proprietary funds provide the same type of information found in the GWFS, but in more detail.

Unrestricted net position of the Electric Fund at the end of the year totaled to \$9,001; those of the Gas Fund were \$1,031; the Water Fund \$1,565; the Wastewater Fund \$1,094 and the Sanitation Fund \$677. Other factors concerning the finances of these funds have already been addressed in the discussion of the City of Brenham's business-type activities.

GENERAL FUND BUDGETARY HIGHLIGHTS

The General Fund is the chief operating fund of the City of Brenham. With the implementation of GASB Statement No. 54 Fund Balance Reporting and Governmental Fund Type Definitions, eight other governmental funds were combined with the General Fund.

The original and final amended revenue budget was \$14,578. Although we had favorable and unfavorable revenue variance for fiscal year 2019, the General Fund's actual revenue came in on track with budget due to a combination of the following:

- Taxes were higher by \$32 from property, sales and mixed beverage taxes offset by lower franchise tax;
- Intergovernmental revenues were higher by \$63 from library and airport grants and reimbursement from the Boys and Girls Club for building maintenance;
- Charges for services were higher by \$71 from park/aquatic facility rentals and animal adoptions:
- Investment income was up by \$73 due to higher interest rates;
- Miscellaneous revenue was higher by \$37 due to sale of crushed street asphalt millings;
- Fines and Forfeitures revenues were lower by \$155 from a decline in court fees and fines;
- Payment from Component Unit was less by \$121 due to savings in Blue Bell Aquatic Center refurbishments and the decision to have the Main Street Board update the Downtown Master Plan rather than an outside consultant.

GENERAL FUND BUDGETARY HIGHLIGHTS (continued)

The original expenditure budget was \$17,951 compared to the final amended budget of \$17,919, a decrease of \$32. The Culture and Recreation budget increased by \$36 due to increased personnel costs while the General Government budget decreased by \$68 due to turnover and vacant positions.

For fiscal year 2019, the General Fund's actual expenditures overall came in approximately \$195 lower than budget attributable mainly to vacant positions and lower personnel costs. However, expenditures for General Government were unfavorable by \$110 due to consultant fees related to the creation of a Tax Increment Reinvestment Zone and Health and Welfare were over budget by \$22 due to HVAC repairs at the Animal Shelter.

The original budget for transfers-in was \$3,578 and the final amended budget was \$3,597 an increase of \$19. The decrease was from the Electric Fund for lower shared service allocations.

The original budget for transfers-out was \$57 and the final amended budget was \$483 an increase of \$425. We increased the transfers-out to the Equipment Fund for public safety vehicle replacements.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital assets. The City of Brenham's investment in capital assets for its governmental and business- type activities as of September 30, 2019 totals \$118,010 (net of accumulated depreciation). This investment in capital assets includes land, buildings and system improvements, machinery and equipment, park facilities, roads, highways, and bridges. The total increase in the City of Brenham's investment in capital assets for the current fiscal year was \$2,961 or 2.6%.

| | | | | | | | |

CAPITAL ASSET AND DEBT ADMINISTRATION (continued)

Changes in major capital asset expenditures during the current fiscal year included the following.

- Governmental Activities capital assets showed a net increase of \$58 with major changes in the following categories: completion of Fireman's Park restrooms project, Rock Party Room improvements and Police Station covered parking offset by disposal of HVAC units/controllers and current year depreciation expense accounted for the \$382 decrease in <u>Buildings</u>; playground equipment, parking lot construction and Fire Station fencing were added to <u>Improvements Other Than Buildings</u>, however current year depreciation resulted in a decrease of \$185; <u>Furniture</u>, <u>Fixtures and Equipment</u> increased due to the purchase of public safety radios for Police and Fire; <u>Vehicles</u> declined due to current year depreciation offset by new vehicle purchases; <u>Infrastructure</u> increased due to drainage improvements, street reconstruction and acceptance of Vintage Farm developer improvements offset by current year depreciation; and <u>Construction in Progress</u> increased due to downtown and residential drainage improvements and park improvements not completed until FY20.
- Business-type capital assets showed an overall increase of \$2,903 with major changes in the following categories: Improvements Other Than Buildings decreased due to retirement of water infrastructure and additional depreciation expense; Infrastructure projects related to utility lines, meters, and transformers in the utility operations increased this category; and Construction in Progress increased due to storm damage projects at the Wastewater Treatment Plant and Lake Intake Structure.

Additional information on the City of Brenham's capital assets can be found in note III.E on pages 51-52 of this report.

Long-term debt. At the end of the current fiscal year, the City of Brenham had total bonded debt outstanding, net of unamortized charges, of \$29,287. Of this amount, \$16,064 is tax-supported debt backed by the full faith and credit of the government and sales tax revenues of the BCDC (Component Unit). The remaining \$13,223 is self-supported debt that is to be repaid from system revenues.

City of Brenham, Texas Outstanding Debt General Obligation Bonds, Certificates of Obligation, Pass-Through Toll Revenue Bonds and Limited Tax Notes (Amounts in Thousands)

| | Governmental Activities | | | ss-type vities | Total | | |
|---------------------------------|----------------------------|-----------|-----------|-------------------|-----------|-----------|--|
| | 2019 2018 2019 2018 | | 2019 | 2018 | | | |
| General Obligation Bonds | \$ 1,726 | \$ 2,359 | \$ 8,653 | \$ 10,461 | \$ 10,379 | \$ 12,820 | |
| Certificates of Obligation | 14,049 | 13,437 | 4,231 | 2,893 | 18,280 | 16,330 | |
| Pass-Through Toll Revenue Bonds | - | 1,750 | - | - | - | 1,750 | |
| Limited Tax Notes | - | - | - | - | - | - | |
| Unamortized Credits/Charges | 289 | 328 | 339 | 343 | 628 | 671 | |
| Total | \$ 16,064 | \$ 17,874 | \$ 13,223 | \$ 13,697 | \$ 29,287 | \$ 31,571 | |

The City of Brenham's total bonded debt decreased by \$2,284 or 7.2% during the current fiscal, with a decrease of \$1,810 in governmental activities and a decrease of \$474 in business-type activities. The City issued \$3.025 million of Certificates of Obligation (COs) for renovation of and improvements to the City's water utility system and facilities and construction of street and drainage improvements.

CAPITAL ASSET AND DEBT ADMINISTRATION (continued)

The City of Brenham maintained its strong bond rating of AA- from the Standard and Poor's rating agency. The ratings reflect the City's strong financial position bolstered by the maintenance of healthy financial reserves. The Fitch bond rating remained at an "A" rating level.

State statutes limit the amount of general obligation debt a governmental entity may issue to 2.5% of its total assessed valuation. Additionally, the City's charter allows a rate not exceeding \$1.65 per \$100 valuation for any one year. The tax rate of \$.5170 for the year ended September 30, 2019 is significantly below the \$1.65 allowed by the City's charter.

Additional information about the City's long-term debt can be found in note III.H through I on pages 56-60 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The economic backdrop for Brenham's FY19-20 Budget is favorable.

- The unemployment rate for Washington County in September 2019 was 3.1%, which is lower than the rate of 3.6% one year ago and is favorable compared to the State's average unemployment rate of 3.3%.
- Sales tax, which is the City's largest revenue source for funding general government operations and maintenance, was budgeted at a 3% growth rate plus \$97,000 in new revenue from local sales tax enacted on residential electric and gas customers.
- Utility franchise taxes paid to the General Fund are based on 7% of actual utility fund revenue. Due to
 increases in electric and water rates with modest growth in consumption, this revenue was budgeted to
 increase.

These factors, as well as items noted in the Economic Conditions and Outlook section in the letter of transmittal, were considered in preparing the City of Brenham's Budget for the 2020 fiscal year.

During FY19, unassigned fund balance in the General Fund, which excludes the other internal funds, decreased from \$4,500 to \$4,239. A portion of the unassigned fund balance was used to purchase public safety vehicles. The City of Brenham's adopted budget for FY20 is at a break-even level, so that General Fund expenditures do not utilize any fund balance.

For FY20, the City's overall tax rate decreased by \$0.003 per \$100 of property valuation as noted below.

- Overall tax rate changed from \$0.5170 from \$0.5140
- M&O tax rate unchanged at \$0.3200
- I&S tax rate reduced from \$0.1970 to \$0.1940

The City's FY20 Budget is the launching point for implementing the priorities and initiatives derived from the October 2018 Council/Staff Retreat. It reflects a new strategic direction, while continuing a strong financial position. The City is conducting a Comprehensive Plan update including a Thoroughfare Plan component. This document is essential as we plan for the City's future growth and challenges. We also continue to work with FEMA regarding the May 2016 storm recovery.

Requests for Information

This financial report is designed to present users with a general overview of the City of Brenham's finances and to demonstrate the City's accountability. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Assistant City Manager-Chief Financial Officer, P.O. Box 1059, Brenham, Texas, 77834.

City of Brenham

Reconciliation of the Statement of Revenues,

Expenditures, and Changes in Fund Balances of Governmental Funds

To the Statement of Activities

For the Year Ended September 30, 2019

| Net change in fund balances - total | al governmental funds | \$ | (2,138,874) |
|-------------------------------------|-----------------------|----|-------------|
|-------------------------------------|-----------------------|----|-------------|

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement 42,386 of activities, the cost of those assets is depreciated over their estimated useful lives.

| Capital outlay | 3,089,351 |
|----------------------------|-------------|
| Depreciation expense | (3,639,680) |
| Donation of capital assets | 870,846 |
| Proceeds from sale | (63,243) |
| Loss on disposal | (259,195) |
| Gain on disposal | 44,307 |
| | 42 386 |

Revenues in the statement of activities that do not provide current financial resources are not reported as revenue in the funds.

Bond and note payable proceeds provide current financial resources to governmental funds, but issuing debt increases long term liabilities in the statement of net position. Bond and note payable principal payments are expenditures in the governmental funds, but they reduce long term liabilities in the statement of net position.

Debt issued:

| 2019 Certificates of Obligation | (1,515,000) |
|---|-------------|
| Note Payable | (576,623) |
| Bond premium on new debt | (35,498) |
| Repayments: | |
| To bond, certificate, and note holders | 3,991,053 |
| Amortization of bond premiums, discounts, & charges | 75,425 |
| | 1,939,357 |

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

| Compensated absences | (133,254) |
|----------------------------|-----------|
| Accrued interest payable | (2,154) |
| Post retirement benefits | (79,782) |
| Pension Costs - TMRS, Net | (653,717) |
| Pension Costs - TESRS, Net | (79,287) |
| | (948,194) |

An internal service fund is used by management to charge the costs of risk management services to individual funds. The net revenue of certain activities of the internal service fund is reported with governmental activities.

Change in net position of governmental activities \$ (1,026,512)

The notes to the financial statements are an integral part of this statement.

I. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

A. Reporting Entity

The City of Brenham is a home-rule municipality governed by an elected mayor and six-member council. The City operates under a Council-Manager form of government, established by City charter. The accompanying financial statements present the financial operations of the City as the primary government and those component units for which the primary government is considered to be financially accountable. The following discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the primary government.

1. Discretely presented component unit

The City has included the Brenham Community Development Corporation (BCDC) in its financial statements as a discretely presented component unit since the City is financially accountable for the entity and a financial benefit or burden relationship exists between the City and the BCDC. The BCDC is a legally separate entity from the City and is governed by a board appointed by City Council. The BCDC was formed to oversee revenues and expenditures of a special three-eighth cent sales tax for economic development and community recreational development. The City's council approves the BCDC budget and the City Manager serves as its Chief Executive Officer. For financial reporting purposes, the BCDC is reported as a governmental fund. The component unit has a single general fund which is discretely presented in the financial statements. The Corporation does not issue separate financial statements.

2. Blended component unit

In 2016, the City of Brenham Community Projects Fund, Inc. a non-profit organization was formed. The Corporation is a 501(c)(3) organization that supports the City of Brenham in implementing and conducting its charitable and educational projects designed to expand areas of service to citizens and visitors. For financial reporting purposes, the City of Brenham Community Projects Fund will be reported as a blended component unit in the governmental funds. For the current fiscal year there were no financial transactions to report.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the primary government and its component units. For the most part, the effect of inter-fund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from the legally separate BCDC component unit for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns with composite columns for non-major funds in the fund financial statements.

I. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement* focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, investment earnings and charges for services are recognized as revenue when earned. Licenses and permits, intergovernmental revenues, fines and miscellaneous items are recorded as revenue when cash is received because they are generally not measurable until actually received.

The government reports the following major governmental funds:

- > The General Fund is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The *Debt Service Fund* accounts for the resources accumulated and payments made for principal and interest on long-term debt obligations of governmental funds.
- > The US 290 Pass-Thru Finance Fund accounts for pass-thru toll revenue bond proceeds and payments pursuant to the Pass-Thru Agreement with Texas Department of Transportation.

The government reports the following major proprietary funds:

- The Electric Fund accounts for the activities of the City's electric distribution operations.
- The Gas Fund accounts for the activities of the City's gas distribution operations.
- > The Water Fund accounts for the activities of the City's water distribution and water treatment facilities.
- ➤ The Wastewater Fund accounts for the activities of the City's wastewater treatment plant and wastewater collection systems.
- ➤ The Sanitation Fund accounts for the activities of the City's sanitation, recycling and transfer station operations.

I. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (Continued)

Additionally, the government reports the following fund types:

Internal Service Funds provide a zero-deductible plan for workers' compensation and fleet management services to other funds of the City on a cost reimbursement basis. These funds are presented in detail in the Supplementary Information Section and in summary form as part of the proprietary fund financial statements. At the government-wide level, the financial statements of the workers' compensation Internal Service Fund is included in the governmental activities column while the fleet management Internal Service Fund is presented in the business-type column.

As a general rule the effect of inter-fund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are franchise tax payments and other charges between the City's proprietary fund functions and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water, wastewater, electric, gas, and sanitation funds and of the government's internal service fund are charges to customers for sales and services. The gas, electric, and water funds include in their operating revenue the recovery of source costs from customers. Operating expenses for enterprise funds and the internal service fund include the cost of sales and services, operating and administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

D. Assets, Liabilities, and Net Position

1. Deposits and investments

The City's cash and equivalents are considered to be cash on hand and demand deposits.

State statutes authorize the government to invest in obligations of the U.S. Treasury, commercial paper, collateralized mortgage obligations, repurchase agreements, certificates of deposit and investment pools.

Investments for the government, as well as the component unit, are reported at fair value. Funds are invested in certificates of deposit, a state money pool and another public investment pool. The City invests in no form of joint venture with other entities.

2. Receivables and payables

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to / from other funds" (i.e., the current portion of interfund loans) or "advances to / from other funds" (i.e., the non-current portion of inter-fund loans). All other outstanding balances between funds are reported as "due to / from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

I. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (Continued)

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

Trade accounts and property taxes receivable are shown net of an allowance for uncollectibles.

Property taxes are levied on October 1 on property values assessed as of January 1 of each year, in conformity with Subtitle E of the Texas Property Tax Code. Taxes are due upon receipt of the bill; however, are not considered delinquent until February 1 of the following year. Delinquent uncollected taxes are included in the general fund assets and debt service fund assets with offsetting amounts which will not be collected within sixty days after the end of the fiscal year shown as unavailable revenues in the deferred inflows of resources section of the balance sheet.

3. Inventories and prepaid items

All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories are recognized as expenditures of governmental funds and as expenses in proprietary funds when used, in accordance with the consumption method of accounting.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

4. Restricted assets

Certain resources are set aside for the repayment of outstanding bond debt. Unexpended resources from proceeds of bond issuances have also been set aside. These amounts are classified as restricted assets on the balance sheet because their use is limited by applicable bond covenants.

5. Capital assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Infrastructure is defined by the government as long-lived and stationary in nature and includes streets, curbs, gutters, drainage systems, airport runways and taxiways, utility lines and utility plants. Infrastructure assets include all new construction with an estimated useful life of 20 - 50 years. Capital assets, other than infrastructure assets, are defined by the government as assets with an initial, individual cost of more than \$15,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

In the case of initial capitalization of general infrastructure assets (i.e., those reported by governmental activities) the government chose to include all such items regardless of their acquisition date or amount. The government was able to estimate the historical cost for the initial reporting of these assets through back trending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year). As the government constructs or acquires additional capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost.

I. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (Continued)

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Property, plant, and equipment of the primary government, as well as the component units, are depreciated using the straight-line method over the following estimated useful lives:

| <u>Assets</u> | <u>Years</u> |
|-----------------------------------|--------------|
| Buildings (New structure) | 40 |
| Buildings (Used structure) | 20 |
| Building improvements | 7-20 |
| Improvements Other than Buildings | 10-20 |
| Machinery and Equipment | 5-10 |
| Vehicles | 5-20 |
| Infrastructure | 20-50 |

6. Compensated absences

City employees are entitled to certain compensated absences based on their length of employment in accordance with official policy adopted by the City council. Vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. The liability for these amounts is recorded as a liability of the funds. There is no liability for unpaid accumulated sick leave since the City does not pay any amounts when employees separate from service.

7. Long-term obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

8. Fund equity

Fund balance for governmental funds is reported in classifications (non-spendable, restricted, committed, assigned, and unassigned) that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available, it is the policy of the City to consider restricted amounts to have been reduced first. When an expenditure is incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used, it is the policy of the City that committed amounts would be reduced first, followed by assigned amounts and then unassigned amounts.

I. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (Continued)

9. Asset Retirement Obligations

State and federal laws and regulations require that the City place a final cover on its landfill when closed and perform maintenance and monitoring functions at the site for five years after closure. The City stopped accepting waste at its landfill in November 1990. In 2009, TCEQ inspected the facility and determined that all post-closure care maintenance requirements had been satisfied and the site has completed the post-closure care maintenance period.

The City operates a waste transfer station for which it has demonstrated financial assurance of \$72,483 by meeting the financial assurance test. Estimated closure cost is \$25,000.

The City operates water and wastewater treatment plants for which Governmental Accounting Standards Board (GASB) Statement No. 83, "Certain Asset Retirement Obligations", applies. This statement addresses obligations that represent legally enforceable liabilities associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this statement. The City has no intention of closing or replacing the water and wastewater plants themselves or any of their significant components in the foreseeable future. The cost of asset retirement obligations relating to these facilities cannot be reasonably estimated.

10. Post-employment benefits

The City provides the availability of post-retirement health care for certain retirees. Retirees whose sum of age and years of service was equal to or greater than 75 at the time of retirement may purchase group health until they and their covered spouses reach Medicare eligibility. As of September 30, 2019, 6 retirees/covered spouses meet those eligibility requirements and have elected to receive this benefit. The retiree/covered spouse pay the entire premium for group health coverage and claims are paid through the City's third-party provider.

Employees who terminate employment because of a disability may qualify for life insurance and long-term disability benefits until reaching age 65 or the end of the disability eligibility, whichever comes first. Premiums for those qualifying are waived and there is no further cost to the City or the former employee. Currently, one person qualifies for the long-term disability benefit.

11. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the Fiduciary Net Position of the Texas Municipal Retirement System (TMRS) and the Texas Emergency Services Retirement System (TESRS) and additions to/deductions from TMRS's and TESRS's Fiduciary Net Position have been determined on the same basis as they are reported by TMRS and TESRS. For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

The budget process of the City complies with the Texas Uniform Budget Law. Annual operating budgets are adopted each fiscal year through passage of an annual budget ordinance. The City Manager, as chief executive officer, has ultimate responsibility for the budget. The City Manager formulates the budget goals for the City under the direction of the City Council.

II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (Continued)

The departmental budget is the basic unit of measurement for the City's budget. Two Assistant City Managers report to the City Manager. These include Assistant City Manager-Chief Financial Officer/General Administration and Assistant City Manager-Public Services/Utilities. In addition to the Assistant City Managers, four director positions oversee the individual departmental budgets within their area of responsibility. These positions include the Director of Public Works, Director of Development Services, Chief of Police and Fire Chief.

1. Basis of accounting

With the exception of General Fund, all budgets are prepared and adopted on a basis consistent with generally accepted accounting principles which is the same basis of accounting used for financial reporting in these financial statements. The General Fund budget, as shown in the financial statements, is prepared and adopted on a different basis. In accordance with GASB Statement No. 54 Fund Balance Reporting and Governmental Fund Type Definitions, eight other governmental funds are contained with the General Fund for financial reporting purposes. The revenue and expense of these funds are shown in the adjustments to budget basis column.

2. Budgeted funds

Annual appropriated budgets are adopted for all governmental fund types.

For the year ended September 30, 2019, annual appropriated budgets were adopted by passage of a budget ordinance for the General Fund, Electric Fund, Gas Fund, Water Fund, Wastewater Fund, Sanitation Fund, Debt Service Fund, US 290 Pass-Thru Finance Fund. Non major governmental funds for which budgets were adopted include the Hotel/Motel Tax, Washington County Hotel/Motel Tax, PD Criminal Law Enforcement Fund, Courts Technology/Security, Airport Capital Improvements Fund, Capital Leases Fund, 2017 Capital Projects Fund, Streets and Drainage Improvements Fund and Parks Capital Improvements Fund. Internal Service funds with budgets adopted include the Workers' Compensation Fund and the Central Fleet Fund. All annual budget appropriations lapse at the end of the fiscal year.

The by-laws of the Brenham Community Development Corporation require that an annual budget be prepared by the corporation's board and approved by City Council.

3. Legal level of control

The City Manager is authorized to transfer budgeted amounts between line items and departments within any fund. Any revisions that alter the total expenditures of any fund must be approved by the City Council. The legal level of budgetary control (the level at which expenditures may not legally exceed appropriations) is the fund level.

4. Budget amendments

The budget is originally enacted by ordinance; therefore, any amendments to the budget must also be made by ordinance. The initial step in amending the budget is to present the proposed amendments and the justification thereof during a City Council meeting. The proposed ordinance amending the budget is presented for approval during this meeting and during the formal session at a subsequent meeting of the Council.

II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (Continued)

5. Encumbrances

Encumbrance accounting is a system under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation. Encumbrances are reported as reservations of fund balances since they do not constitute expenditures or liabilities. The City does not employ encumbrance accounting as it feels its current system is adequate to assure effective budgetary control and accountability and to facilitate effective cash planning and control.

B. Compliance with Finance Related Legal and Contractual Provisions

The City had no material violations of finance related legal and contractual provisions.

C. Deficit Fund Balances or Net Position Balances

No fund had a deficit fund balance at year end.

D. Excess of Expenditures Over Appropriations

For fiscal year end September 30, 2019, all expenditures of the General Fund were within appropriations at the legal level of budgetary control.

III. DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

As of September 30, 2019, the City had an investment in a State Money Pool (TexPool) which had a balance of \$3,257,738 which was included in cash and cash equivalents and restricted cash at September 30, 2019. "TexPool" is a local government investment pool created and managed by the Texas State Treasurer to invest funds on behalf of Texas political subdivisions. The pool seeks to maintain a \$1.00 value per share as required by the Texas Public Fund Investment Act. Its fair value approximates carrying value, and the City's net asset value in the pool at fiscal year-end was \$1.00007 per share. The weighted average maturities of the pools cannot exceed 60 days, with the maximum maturity of any investment is limited to 13 months. TexPool was rated AAAm by Standard & Poor's. Authorized investments for TexPool funds include government securities, repurchase and reverse repurchase agreements and no-load money market mutual funds.

The City also had an investment in TexSTAR, another public funds investment pool, which had a balance of \$9,833,757 and was included in cash and cash equivalents and restricted cash at September 30, 2019. "TexSTAR" is a local government investment pool created and jointly managed by Hilltop Securities, Inc. and JP Morgan Investment Management, Inc. with the purpose of investing funds on behalf of Texas political subdivisions. Its fair value approximates carrying value, and the City's net asset value in the pool at fiscal year-end was \$0.99996 per share. The stated objective of TexSTAR is to maintain a stable \$1.00 net asset value per unit, and immediate action must be taken if the net asset value of the units of any fund falls below \$0.996 or rises above \$1.004. The fund maintains a weighted average maturity of 60 days or less and was rated AAAm by Standard and Poor's. Authorized investments for TexSTAR funds include government securities, repurchase and reverse repurchase agreements and no-load money market mutual funds.

Interest rate risk. In accordance with its investment policy, the City manages its exposure to declines in fair values by concentrating its investment portfolio in shorter term securities.

III. DETAILED NOTES ON ALL FUNDS (Continued)

Credit risk. The City minimizes credit risk, the risk of loss due to the failure of the issue or backer of the investment, by: limiting investments to the highest credit quality investments, pre-qualifying the financial institutions and broker/dealers with which the City of Brenham transacts business, and perfecting the City ownership by delivery versus payment settlement.

Concentration of credit risk. The government's investment policy limits investments to avoid over concentration in investments from a specific insurer or business sector.

Custodial credit risk – deposits. In the case of deposits, this is the risk that in the event of a bank failure, the government's deposits may not be returned to it. It's the policy of the City to require full collateralization of all City funds on deposit with a depository bank.

At year end, the government's carrying amount of deposits (including certificates of deposit) for the primary government and BCDC component unit was \$11,037,406 and the bank balances totaled \$11,686,819. Of the bank and certificates of deposit balances, \$250,000 was covered by federal depository insurance and \$11,436,819 was collateralized with securities held by the pledging financial institution's trust department or agent in the government's name.

B. Receivables - Account

Accounts receivable as of year-end for the government's individual major funds and non-major, and proprietary funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

Governmental Funds

| | General Fund | | | |
|-----------------------------------|-----------------|----------|--|--|
| Accounts | \$ | 281,924 | | |
| Assessments | 131,114 | | | |
| | | 413,038 | | |
| Less Allowance for | | | | |
| Uncollectibles | | (10,000) | | |
| Accounts Receivable, Net | \$ | 403,038 | | |
| Less Allowance for Uncollectibles | \$ | 413,038 | | |

Proprietary Funds

| | Electric Fund | Gas Fund Water Fund | | ater Fund | W | astewater Fund | Sanitation Fund | Total | |
|--------------------------|------------------|---------------------|---------|-----------|---------|-------------------|--------------------|------------|-----------|
| Accounts | \$ 2,976,208 | \$ | 223,902 | \$ | 755,363 | \$ | 502,834 | \$ 304,838 | ######### |
| Less Allowance for | | | | | | | | | |
| Uncollectibles | (42,000) | | (2,000) | | (7,000) | | (10,000) | (3,000) | (64,000) |
| Accounts Receivable, Net | \$ 2,934,208 | \$ | 221,902 | \$ | 748,363 | \$ | 492,834 | \$ 301,838 | ######### |

III. DETAILED NOTES ON ALL FUNDS (Continued)

Governmental funds report unavailable revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of unavailable revenue and unearned revenue reported in the governmental funds were as follows:

| Components | Unavailable | Unearned | Total | | |
|--|-------------|----------|------------|--|--|
| Delinquent property taxes receivable (General Fund) | \$ 184,580 | \$ - | \$ 184,580 | | |
| Delinquent property taxes receivable (Debt Service Fund) | 109,973 | - | 109,973 | | |
| Franchise fees receivable | 169,638 | - | 169,638 | | |
| Lien assessments and pending seizures | 126,303 | - | 126,303 | | |
| Charges for Services not yet earned | | 1,500 | 1,500 | | |
| Total deferred/unearned revenue for governmental funds | \$ 590,494 | \$ 1,500 | \$ 591,994 | | |
| | | | | | |
| Balances not expected to be collected within one year | \$ 126,303 | \$ - | \$ 126,303 | | |

C. Receivables – Property Taxes

The following information relates to property taxes receivable for the year ended September 30, 2019:

| Original Certified Tax Roll | \$ 1, | 325,037,321 |
|-------------------------------------|-------|-------------|
| Approved Rate (Per \$100 Valuation) | | 0.5170 |
| Original Levy | | 6,850,443 |
| Supplements | | (26,281) |
| Adjusted Levy | \$ | 6,824,162 |
| Collections on Current Tax Roll | | 6,725,371 |
| Total Collections | | 6,816,497 |
| Property Taxes Receivable | \$ | 294,553 |

D. Notes Receivable

Notes receivable at September 30, 2019 consisted of the following:

Business-type Activities - Electric Fund

| Note receivable from component unit Brenham Community Development Corporation, prinicipal amount \$1,000,000; Interest payable at 4.750% with the first payment due September 30, 2017; maturing September 2029, unsecured | \$ 739,468 |
|--|-----------------|
| Note receivable from component unit Brenham Community Development Corporation, prinicipal amount \$500,000; Interest payable at 3.250%; maturing | 445,000 |
| September 2026, unsecured | 445,000 |
| | \$ 1,184,468 |
| Less Current Portion | (154,721) |
| | \$ 1,029,747 |

III. DETAILED NOTES ON ALL FUNDS (Continued)

E. Capital Assets

Capital asset activity for the year ended September 30, 2019 was as follows:

| | Beginning Reclass/CIP | | | | | | | |
|---|-------------------------|-----------------------|-------------|------------------|--------------------------|--|--|--|
| Governmental Activities | <u>Balance</u> | Increases | to Complete | Decreases | Balance | | | |

III. DETAILED NOTES ON ALL FUNDS (Continued)

Depreciation expense was charged to function/programs of the primary government as follows:

| Governmental Activities | | |
|--------------------------------|----|-----------|
| Culture and Recreation | \$ | 907,141 |
| General Government | | 455,242 |
| Health and Welfare | | 108,722 |
| Highways and Streets | | 1,409,368 |
| Public Safety | - | 759,207 |
| Total Governmental Activities | \$ | 3,639,680 |
| | | |
| Business-type Activities | | |
| Electric | \$ | 707,036 |
| Gas | | 135,539 |
| Water | | 967,335 |
| Sewer | | 921,066 |
| Sanitation | | 215,013 |
| Total Business-type Activities | \$ | 2,945,989 |
| | | |
| Internal Service Funds | | |
| Central Fleet | \$ | 63,121 |
| Total Internal Service Funds | \$ | 63,121 |

As of September 30, 2019, capital assets of the component unit consist of land (not being depreciated) with a balance of \$2,865,876, land improvements (not being depreciated) with a balance of \$143,721 and other improvements (being depreciated) with a balance of \$12,983. The Construction in Progress has a balance of \$121,800 for engineering for detention pond and wastewater system improvements.

F. Contractual Commitments

The City has entered into the following long-term contracts with major suppliers to ensure availability in future years:

A joint gas purchase contract to purchase natural gas at a price equal to an agreed index, less a discount, under a balancing and supply agreement. The current contract evergreens each year and will expire in 2036. Also, a contract with a supplier to provide natural gas at a rate based on inside FERC Gas Market report index plus \$0.525 per MMBTU. This contract expires October 31, 2019 and continues thereafter on a year to year basis, until terminated with a 60-day written notice. For the year ending September 30, 2019 \$1,695,006 was paid under these contracts.

A contract with a supplier to provide the City's current and future water supply. The contract will expire in 2047. The amount expensed under this contract for the year ending September 30, 2019 was \$322,225.

A contract with a supplier to provide electric power and energy, expiring June 25, 2041, renewable for successive twenty-five-year periods. Contract rates are established by the supplier's wholesale power rate tariff. The amount paid under this contract for the year ending September 30, 2019 was \$14,358,387.

III. DETAILED NOTES ON ALL FUNDS (Continued)

On June 17, 2008, a Pass Thru Financing agreement with the Texas Department of Transportation (TxDOT) was approved for transportation improvements on US 290. Under this agreement, the City was responsible for providing TxDOT a maximum of \$15 million over the course of one year in \$5 million increments. Repayments from TxDOT were based on traffic levels. As of September 30, 2012, the \$15 million had been advanced to TxDOT. In years 2013 through 2017, the City has received repayments from TXDOT totaling \$15,000,000. As of September 30, 2018, the total local contribution has been repaid.

Also, on June 17, 2008, an interlocal agreement with the County to share costs related to the US 290 Pass Thru Financing project was approved. Under this agreement, the City issued debt to finance the \$15 million required local contribution. The City and County are responsible for 50% each of the annual debt service on this debt. On October 7, 2010, an ordinance was approved for the issuance of \$14.18 Million Pass-Through Toll Revenue and Limited Tax Notes pursuant to the interlocal agreement. In March 2015, this debt was partially refunded with the issuance of \$3.9 Million 2015 General Obligation Refunding Bonds. As of September 30, 2019, all debt related to this project has been repaid and the Hwy 290 Fund closed out. Per the terms of the interlocal agreement all residual funds were divided evenly between the city and the county at project completion.

In March 2016, the City entered into an agreement with a contractor for small commercial waste collection services beginning in May 2016 and expiring in May 2021 with up to five one-year renewal terms. For the year ending September 30, 2019 the City paid \$988,791 under this contract.

The City has an interlocal agreement with the County to share costs related to the County's purchase of a public safety computer software system. Under the terms of this agreement, the City will reimburse the County a total of \$208,790 for the City's share of the software acquisition costs in 5 annual installments. As of September 30, 2019, two annual installments of \$41,758 have been paid.

The City has the following active construction projects as of September 30, 2019:

| | | R | Remaining | | | |
|----------------------|----|-----------|-----------|-------------|-----|-----------|
| | | Amount | Spe | ent-to-Date | _Cc | ommitment |

III. DETAILED NOTES ON ALL FUNDS (Continued)

G. Interfund Receivables, Payables, and Transfers

Interfund receivables and payables represent money that is transferred among the various funds for cash flow purposes throughout the year. At September 30, 2019 the balances were as follows:

| Receivable Fund | Payable Fund | <u>Amount</u> |
|-----------------|--------------|-------------------------------------|
| Electric Fund | General Fund | \$ 3,025,049 \$ 3.025.049 |

The government-wide statement of activities eliminates transfers as reported within the segregated governmental and business-type activities columns. Only transfers between the two columns appear in this statement as internal balances. Amounts transferred on the fund basis include debt service payments, City matching revenues for grants reported as capital projects and investment income.

The following schedule shows transfers and payments within the reporting entity as of September 30, 2019:

| Transfers From: | Transfers To | : | | | | | |
|-------------------------------------|--------------|-----------------|-----------|--------|-----------------------|-----------------------|--------------|
| | | Governmental Ad | ctivities | | Business ⁻ | Net Transfers From | |
| | | Debt | | Other | | | |

Payments from the Brenham Community Development Corporation (BCDC) component unit consist of \$863,319 to the Parks Capital Improvement Fund for capital improvements to seven different city parks. BCDC also provided \$45,009 to the General Fund for various aquatic and recreation projects. The following schedule shows payments to and from the component unit for the year ended September 30, 2019:

| Payments From: | Pay | ments To: | | | | |
|--|---------|-----------|-----------------------|---------|---------------------|---------|
| | General | | Other Governmental | | Total Pymts From | |

III. DETAILED NOTES ON ALL FUNDS (Continued)

H. Long-Term Debt

During the fiscal year, the City issued \$3.025 million of new certificates of obligation of which \$1.515 million was recognized in the governmental funds, and \$1.51 million was recognized in the enterprise funds. This debt was issued for the purpose of street and drainage infrastructure improvements and water utility system improvements. Also, the City financed the purchase of replacement public safety radios through a \$576,623 promissory note with its depository bank.

The following is a summary of long-term debt transactions of the City for the year ended September 30, 2019:

| | Balance | | FY19 | Balance | Due Within | |

I. Capital Leases

In FY17, the city entered into a lease agreement to finance the acquisition of various vehicles and equipment for governmental and proprietary departments. This lease commitment qualifies as a capital lease for accounting purposes, and therefore has been recorded at the present value of its future minimum lease payments as of its inception date.

The assets acquired through the capital lease are as follows:

| Asset Class | vernmental Activities | iness-Type Activities |
|---|------------------------------|----------------------------|
| Vehicles/Large Equipment Less: Accumulated Depreciation | \$ 948,672 (229,716) | \$ 968,749 (204,636) |
| Total Net Asset | \$ 718,956 | \$ 764,113 |

III. DETAILED NOTES ON ALL FUNDS (Continued)

The total future minimum lease payments and the net present value of these minimum payments as of September 30, 2019 were as follows:

| Year Ending | Governmental | | Bus | iness-Type |
|------------------------------------|--------------|------------|-----|------------|
| September 30 | | Activities | | Activities |
| 2020 | \$ | 148,663 | \$ | 151,704 |
| 2021 | | 148,663 | | 151,704 |
| 2022 | | 148,663 | | 151,704 |
| 2023 | | 148,663 | | 151,704 |
| 2024 | | 148,663 | | 151,704 |
| | | | | |
| Total Minimum Lease Payments | \$ | 743,315 | \$ | 758,520 |
| Less: Amount Representing Interest | | (49,659) | | (50,677) |
| Present Value of Minimum Payments | \$ | 693,656 | \$ | 707,843 |

J. Rebatable Arbitrage

As defined in the federal tax code, governments are not permitted to reinvest the proceeds of tax-exempt debt in higher yielding securities. The liability to the federal government for any excess earnings is known as "rebatable arbitrage". Arbitrage rebate payments must be made to the federal government every five years and within 60 days of final maturity. A rebatable arbitrage liability is recognized in all funds and in the government-wide and proprietary fund financial statements when incurred and measurable.

At September 30, 2019 the primary government had no liability for rebatable arbitrage.

III. DETAILED NOTES ON ALL FUNDS (Continued)

K. Restricted Cash and Investments:

The balances of the restricted cash and investment accounts in the governmental and business type activities were as follows:

| | Governmental Activities | | | usiness-type Activities |
|-------------------------------|----------------------------|-----------|----|----------------------------|
| Capital Projects | \$ | 1,214,322 | \$ | 2,315,046 |
| Customer Deposits | | - | | 1,605,921 |
| Debt Service | | 617,771 | | - |
| Hotel/Motel Tax | | 211,364 | | - |
| PD Criminal Law Enforcement | | 46,509 | | - |
| Streets/Drainage Improvements | | 767,994 | | - |
| Worker's compensation | | 198,530 | | - |
| | \$ | 3,056,490 | \$ | 3,920,967 |

L. Classification of Net Position

The government-wide and business-type activities financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted. Net investment in capital assets represents capital assets, net of accumulated depreciation and is reduced by outstanding balances for bonds and other debt that is attributed to the acquisition, construction, or improvement of those assets. Restricted net position represents assets that have externally imposed restrictions by creditors, grantors, contributions, or laws or regulations of other governments.

M. Classification of Fund Balance:

In the fund financial statements, the components of fund balances reflect the City's "Fund Balance Policy for Governmental Funds" adopted by action of the City Council on October 1, 2015.

Nonspendable Fund Balance – Includes amounts that cannot be spent because they are either not in spendable form, or, for legal or contractual reason, must be kept intact. This classification includes inventories, prepaid amounts, assets held for sale, and long-term receivables.

<u>Restricted Fund Balance</u> – Constraints placed on the use of these resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors or other governments; or are imposed by law (through constitutional provisions or enabling legislation).

<u>Committed Fund Balance</u> – Amounts that can only be used for a specific purpose because they are constrained by limitations that the government imposes upon itself through formal action by the City Council, the government's highest level of decision-making authority. Formal action consists of either Council resolution or the approval of a council meeting agenda item, each of which are equally binding. These restraints remain binding unless removed by formal action of City Council.

III. DETAILED NOTES ON ALL FUNDS (Continued)

<u>Assigned Fund Balance</u> – Amounts that are constrained by the City's intent to be used for specific purposes, but that do not meet the criteria to be classified as restricted or committed. Intent can be stipulated by the City Council, committees, or officials to whom the City Council has delegated authority.

<u>Unassigned Fund Balance</u> – This is the residual classification of the General Fund. Only the General Fund reports a positive unassigned fund balance. Other governmental funds might report a negative balance in this classification, as the result of overspending for specific purposes for which an amount had been restricted, committed or assigned.

When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available, it is the policy of the City to consider restricted amounts to have been reduced first. When an expenditure is incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used, it is the policy of the City that committed amounts would be reduced first, followed by assigned amounts and then unassigned amounts.

The following schedule presents details of fund balance components at September 30, 2019:

| | General Fund | | Debt Service Fund | | Other Governmental Funds | | Total Governmental Funds | |
|--------------------------------------|-----------------|-----------|----------------------|---------|--------------------------------|-----------|--------------------------------|-----------|
| Fund Balances: | | | | | | | | |
| Nonspendable: | | | | | | | | |
| Inventory | \$ | 190,104 | \$ | - | \$ | - | \$ | 190,104 |
| Prepaid Assets | | 1,000 | | - | | - | | 1,000 |
| Restricted for: | | | | | | | | |
| Debt Service | | - | | 619,970 | | - | | 619,970 |
| Grantor and Contributor Purposes | | 39,282 | | - | | - | | 39,282 |
| Public Safety | | - | | - | | 46,509 | | 46,509 |
| Culture & Recreation | | - | | - | | 9,428 | | 9,428 |
| Transportation and Aviation Projects | | - | | - | | 1,853,033 | | 1,853,033 |
| Court Technology and Security | | - | | - | | 55,542 | | 55,542 |
| Tourism Promotion | | 175,162 | | - | | 408,533 | | 583,695 |
| Committed to: | | | | | | | | |
| Park Capital Improvements | | - | | - | | 348,531 | | 348,531 |
| Transportation and Aviation Projects | | - | | - | | 48,786 | | 48,786 |
| Assigned to: | | | | | | | | |
| Culture and Recreation | | - | | - | | 9,741 | | 9,741 |
| Unassigned: | | 4,666,036 | | - | | - | | 4,666,036 |
| Total Fund Balances: | \$ | 5,071,584 | \$ | 619,970 | \$ | 2,780,103 | \$ | 8,471,657 |

IV. OTHER INFORMATION

A. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the City assumes part of the risk and participates in the Texas Municipal League Intergovernmental Risk Pool for the excess over certain deductibles. The City pays an annual premium to the TML Pool in order to receive premium discounts. The Pool is intended to be self-sustaining through member contributions and reinsures through commercial companies for claims over certain deductibles. The Pool returns a portion of contributions to members if claims and needed reserves are less than contributions received.

The City maintains an established risk management program for workers' compensation. Interfund premiums are based upon the insured funds' payroll and workers' compensation code rates and recorded as quasi-external interfund transactions in the Proprietary Fund statements. Net position of the workers' compensation risk management internal service fund as of September 30, 2019 was \$198,630.

B. Contingent Liabilities

The City participates in a number of federally assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. Audits for some of these federal programs for the year ended September 30, 2019 and for several prior years have not yet been conducted. Accordingly, the City's compliance with applicable grant requirements will be established at some future date. The City has not accrued revenue for potential disallowed expenditures related to certain disaster recovery grants. The amount, if any, of expenditures for other grants which may be disallowed by the grantor agencies cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

IV. OTHER INFORMATION (Continued)

C. Expenses and Recoveries Related to Storm Damages

In May 2016, the City experienced a historic flooding event and as a result damages were sustained to City property and infrastructure. Because of the excessive amount of rainfall and the extensive damage to property and infrastructure in the entire county, the City was approved for federal assistance through the Federal Emergency Management Agency (FEMA) and the National Resources Conservation Service (NRCS). The table below details the expenditures incurred by fiscal year for repairs and reconstruction work along with insurance recoveries and federal grant reimbursements. Additional repairs and reconstruction work will continue in FY20. In addition to claims that have already been collected, additional claims are still being submitted to FEMA and NRCS for review; however, all reimbursement amounts cannot be determined at this time.

| | Governmental Funds | | P | roprietary Funds |
|--|-----------------------|-----------|----|---------------------|
| Expenditures: | | | | |
| FY16 | \$ | 429,740 | \$ | 97,995 |
| FY17 | | 505,246 | | 280,176 |
| FY18 | | 1,401,227 | | 140,622 |
| FY19 | | 273,367 | | 1,503,845 |
| Total Expenditures | | 2,609,579 | | 2,022,638 |
| Less Insurance Recoveries: | | | | |
| FY16 | \$ | 175,401 | \$ | 62,085 |
| FY17 | | 84,261 | | 13,452 |
| FY18 | | 53,341 | | 0 |
| Total Insurance Recoveries | | 313,003 | | 75,537 |
| Less Federal Grant Reimbursements: | | | | |

| | | | | |
| Total Expenditures Less Insurance Recoveries and Federal Grant Reimbursements: | \$ | 1 676 924 | \$ | 1 462 970 |
| and rederal Grant Reimbursements: | <u> </u> | 1,676,824 | Ą | 1,462,879 |

IV. OTHER INFORMATION (Continued)

D. Deferred Compensation Plans

The City offers its employees two deferred compensation plans created in accordance with Internal Revenue Code Section 457. The plans, available to all City employees, permit them to defer a portion of their salary until future years. Participation in either plan is optional. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. The City's involvement in administering the plan is limited to remitting the amounts collected from employees to the plan administrator. The government is not considered to be holding the assets of the plan and the assets are not available to support the City's own programs, therefore the deferred compensation plans are not presented in this report.

E. Retirement

The aggregate amount for all pension plans as of September 30, 2019 are as follows:

| | TMRS | TESRS | Total |
|--------------------------------|-------------------|----------------|-------------------|
| Net Pension Liability | \$ 15,091,298 | \$ 269,765 | \$ 15,361,063 |
| Deferred Outflows of Resources | \$ (4,819,342) | \$ (54,231) | \$ (4,873,573) |
| Deferred Inflows of Resources | \$ 2,419,947 | \$ 15,686 | \$ 2,435,633 |
| Current Year Pension Expense | \$ 2,150,536 | \$ 132,436 | \$ 2,282,972 |

1. Texas Municipal Retirement System

Plan Description

The City of Brenham participates as one of 887 plans in the nontraditional, joint contributory, hybrid defined benefit pension plan administered by the Texas Municipal Retirement System (TMRS). TMRS is an agency created by the State of Texas and administered in accordance with the TMRS Act, Subtitle G, Title 8, Texas Government Code (the TMRS Act) as an agent multiple-employer retirement system for municipal employees in the State of Texas. The TMRS Act places the general administration and management of the System with a six-member Board of Trustees. Although the Governor, with the advice and consent of the Senate, appoints the Board, TMRS is not fiscally dependent on the State of Texas. TMRS's defined benefit pension plan is a tax-qualified plan under Section 401 (a) of the Internal Revenue Code. TMRS issues a publicly available comprehensive annual financial report (CAFR) that can be obtained at www.tmrs.org.

All eligible employees of the city are required to participate in TMRS.

Benefits Provided

TMRS provides retirement, disability and death benefits. Benefit provisions are adopted by the governing body of the city, within the options available in the state statutes governing TMRS.

At retirement, the benefit is calculated as if the sum of the employee's contributions, with interest, and the city-financed monetary credits with interest were used to purchase an annuity. Members may choose to receive their retirement benefits in one of seven payment options. Members may also choose to receive a portion of their benefit as a Partial Lump Sum Distribution in an amount equal to 12, 24, or 36 monthly payments which cannot exceed 75% of the member's deposits and interest.

IV. OTHER INFORMATION (Continued)

The plan provisions for the City of Brenham are adopted by the governing body, within the options available in the state statutes governing TMRS. Plan provisions for the City were as follows:

| | Plan Year 2018 | Plan Year 2019 |
|--|-----------------|-----------------|
| Employee Deposit Rate | 5% | 5% |
| Matching Ratio (City to Employee) | 2 to 1 | 2 to 1 |
| Years Required for Vesting | 5 | 5 |
| Service Retirement Eligibility (Expressed as Age/Years of Service) | 60/5, 0/20 | 60/5, 0/20 |
| Updated Service Credit | 100%, Transfers | 100%, Transfers |
| Annuity Increase (To Retirees) | 70% of CPI | 70% of CPI |

Employees covered by benefit terms.

At the December 31 actuarial valuation and measurement date, the following employees were covered by the benefit terms:

| | 2018 |
|--|------|
| <u>Membership</u> | |
| Inactive employees or beneficiaries currently receiving benefits | 137 |
| Inactive employees entitled to but not yet receiving benefits | 136 |
| Active employees | 206 |
| Total | 479 |

Contributions

The contribution rates for employees in TMRS are either 5%, 6%, or 7% of employee gross earnings, and the city matching percentages are either 100%, 150%, or 200%, both adopted by the governing body of the city. Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Employees of the City of Brenham were required to contribute 5% of their annual gross earnings during the fiscal year. The contribution rates for the City of Brenham were 10.12% and 10.01% in 2018 and 2019, respectively. The City's contributions to TMRS for the fiscal year ended September 30, 2019 were \$1,123,595 and were equal to the required contribution.

IV. OTHER INFORMATION (Continued)

Net Pension Liability

The City's Net Pension Liability (NPL) was measured as of December 31, 2018, and the Total Pension Liability (TPL) used to calculate the NPL was determined by an actuarial valuation as of that date.

Actuarial assumptions

The Total Pension Liability in the December 31, 2018 actuarial valuation was determined using the following actuarial assumptions:

Inflation 2.5% per year Overall payroll growth 3.0% per year

Investment Rate of Return 6.75%, net of pension plan investment expense, including inflation

Salary increases were based on a service-related table. Mortality rates for active members, retirees, and beneficiaries were based on the gender-distinct RP2000 Combined Healthy Mortality Tables with Blue Collar Adjustment, with male rates multiplied by 109% and female rate multiplied by 103%. The rates are projected on a fully generational basis by scale BB to account for future mortality improvements. For disabled annuitants, the gender-distinct RP2000 Combined Healthy Mortality Tables with Blue Collar Adjustment are used with males' rates multiplied by 109% and female rates multiplied by 103% with a 3-year set-forward for both males and females. In addition, a 3% minimum mortality rate is applied to reflect the impairment of younger members who become disabled. The rates are projected on a fully generational basis by scale BB to account for future mortality improvements subject to the 3% floor.

The actuarial assumptions were developed primarily from the actuarial investigation of the experience of TMRS over the four-year period from December 31, 2010 to December 31, 2014. They were adopted in 2015 and first used in the December 31, 2015 actuarial valuation. The post-retirement mortality assumption for healthy annuitants and Annuity Purchase Rate (APRs) are based on the Mortality Experience Investigation Study covering 2009 through 2011 and dated December 31, 2013. In conjunction with these changes first used in the December 31, 2013 valuation, the System adopted the Entry Age Normal actuarial cost method and a one-time change to the amortization policy. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income, in order to satisfy the short-term and long-term funding needs of TMRS.

The long term expected rate of return on pension plan investments was determined using a building-block method in which the best estimate of ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. In determining their best estimate of a recommended investment return assumption under the various alternative asset allocation portfolios, the actuary focused on the area between (1) arithmetic mean (aggressive) without an adjustment for time (conservative) and (2) the geometric mean (conservative) with an adjustment for time (aggressive). The target allocation and best estimates of real rates of return for each major asset class in fiscal year 2019 are summarized in the following table:

IV. OTHER INFORMATION (Continued)

| | | Long-Term Expected Real |
|-----------------------|-------------------|-----------------------------|
| Asset Class | Target Allocation | Rate of Return (Arithmetic) |
| Domestic Equity | 17.50% | 4.30% |
| International Equity | 17.50% | 6.10% |
| Core Fixed Income | 10.00% | 1.00% |
| Non-Core Fixed Income | 20.00% | 3.39% |
| Real Return | 10.00% | 3.78% |
| Real Estate | 10.00% | 4.44% |
| Absolute Return | 10.00% | 3.56% |
| Private Equity | 5.00% | 7.75% |
| Total | 100.00% | |

Discount Rate

The discount rate used to measure the Total Pension Liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the Total Pension Liability.

Changes in the Net Pension Liability

The following table presents the changes in net pension liability for the current period.

| | Increase (Decrease) | | | | |
|-------------------------------------|---------------------|---------------|----|--------------------|-----------------------|
| | Т | otal Pension | P | Plan Fiduciary Net | Net Pension Liability |

| Other changes | | - | | (1,307) | 1,307 |
| Net changes | | 1,772,804 | | (1,996,710) | 3,769,514 |
| Balance at 12/31/2018 | \$ | 56,329,504 | \$ | 41,238,206 | \$ 15,091,298 |

IV. OTHER INFORMATION (Continued)

Sensitivity of the Net Pension Liability to changes in the discount rate

The following presents the Net Pension Liability (NPL) of the City of Brenham, calculated using the discount rate of 6.75%, as well as what the City's NPL would be if it were calculated using a discount that is 1-percentage-point lower (5.75%) or 1-percentage-point-higher (7.75%) than the current rate.

| | 1% Decrease | | 1% Increase in |
|------------------------------|--------------|---------------|----------------|
| | in Discount | Discount Rate | Discount Rate |
| | Rate (5.75%) | (6.75%) | (7.75%) |
| City's net pension liability | \$23,065,159 | \$15,091,298 | \$8,561,841 |

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's Fiduciary Net Position is available in a separately-issued TMRS financial report. That report may be obtained on the internet at www.tmrs.org.

<u>Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions</u>

For the year ended September 30, 2019, the City of Brenham recognized pension expense of \$2,150,536, and the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of Resources | Deferred Inflows of Resources |
|---|-----------------------------------|----------------------------------|
| Diff. | Resources | Resources |
| Differences between expected and actual economic | | |
| experience | \$ 102,419 | \$ 769,283 |
| | | |
| Differences in assumption changes | 6,872 | - |
| Differences between projected and actual investment | | |
| earnings | 3,891,362 | 1,650,664 |
| | | |
| Contributions subsequent to the measurement date | 818,689 | - |
| | | _ |
| Total | \$ 4,819,342 | \$ 2,419,947 |

Deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date totaling \$818,689 will be recognized as a reduction of the net pension liability for the year ending September 30, 2020.

IV. OTHER INFORMATION (Continued)

Amounts reported as deferred outflows and inflows of resources, by year, to be recognized in future pension expense are shown below:

| Measurement | Pension | |
|-------------|----------------|--|
| Year | Expense | |
| 2019 | \$ (552,506) | |
| 2020 | (132,923) | |
| 2021 | (117,601) | |

2. Texas Emergency Services Retirement System

Plan Description

The City participates in a cost-sharing multiple employer pension plan that has a special funding situation. The plan is administered by the Texas Emergency Services Retirement System (TESRS) established and administered by the State of Texas to provide pension benefits for emergency services personnel who serve without significant monetary remuneration. At August 31, 2018, there were 238 contributing fire and/or emergency services department members participating in TESRS. Eligible participants include volunteer emergency services personnel who are members in good standing of a member department.

On August 31, 2018, the pension system membership consisted of:

| Retirees and Beneficiaries Currently Receiving Benefits | 3,533 |
|--|-------|
| Terminated Members Entitled to Benefits but Not Yet Receiving Them | 1,927 |
| Active Participants (Vested and Non-vested) | 3,927 |

Pension Plan Fiduciary Net Position

Detailed information about the TESRS's fiduciary net position is available in a separately-issued Comprehensive Annual Financial Report that includes financial statements and required supplementary information. TESRS issues a publicly available Annual Financial Report, which includes financial statements, notes, and required supplementary information, which can be obtained at www.tesrs.org. The separately issued actuarial valuations which may be of interest are also available at the same link.

Benefits Provided

Senate Bill 411, 65th Legislature, Regular Session (1977), created TESRS and established the applicable benefit provisions. The 79th Legislature, Regular Session (2005), re-codified the provisions and gave the TESRS Board of Trustees authority to establish vesting requirements, contribution levels, benefit formulas and eligibility requirements by Board rule. The benefit provisions include retirement benefits as well as death and disability benefits. Members are 50% vested after the tenth year of service, with the vesting percent increasing 10% for each of the next five years of service so that a member becomes 100% vested with 15 years of service.

IV. OTHER INFORMATION (Continued)

Upon reaching age 55, each vested member may retire and receive a monthly pension equal to his vested percent multiplied by six times the governing body's average monthly contribution over the member's years of qualified service. For years of service in excess of 15 years, this monthly benefit is increased at the rate of 6.2% compounded annually. There is no provision for automatic postretirement benefit increases.

On and off-duty death benefits and on-duty disability benefits are dependent on whether or not the member was engaged in the performance of duties at the time of death or disability. Death benefits include a lump sum amount or continuing monthly payments to a member's surviving spouse and dependent children.

Funding Policy

Contributions are made by governing bodies for the participating departments. No contributions are required from the individuals who are members of the System, nor are they allowed. The governing bodies of each participating department are required to make contributions for each month a member performs emergency services for a department (this minimum contribution is \$36 per member and the department may make a higher monthly contribution for its members). This is referred to as a Part One contribution, which is the legacy portion of the System contribution that directly impacts future retiree annuities.

The State is required to contribute an amount necessary to make the System "actuarially sound" each year, which may not exceed one-third of the total of all contributions made by participating governing bodies in a particular year.

The Board rule defining contributions was amended effective July 27, 2014 to add the potential for actuarially determined Part Two contributions that would be required only if the expected future annual contributions from the State are not enough with the Part One contributions to provide an adequate contribution arrangement as determined by the most recent actuarial valuation. This Part Two portion, which is actuarially determined as a percent of the Part One portion (not the exceed 15%), is to be actuarially adjusted near the end of each even-numbered calendar year based on the most recent actuarial valuation. Based on the actuarial valuation as of August 31, 2016, the Part Two contributions were established by the board to be 2% of the Part One contributions beginning September 30, 2017.

Additional contributions may be made by governing bodies within two years of joining the System, to grant up to ten years of credit for service per member. Prior service purchased must have occurred before the department began participation in the System.

A small subset of participating departments have a different contribution arrangement which is being phased out over time. In this arrangement, contributions made in addition to the monthly contributions for active members, are made by local governing bodies on a pay-as-you-go basis for members who were pensioners when their respective departments merged into the System. There is no actuarial impact associated with this arrangement as the pay-as-you-go contributions made by these governing bodies are always equal to benefit payments paid by the System.

IV. OTHER INFORMATION (Continued)

Contributions

The contribution requirement per active emergency services personnel member per month is not actuarially determined. Rather, the minimum contribution provisions were set by board rule, and there is no maximum contribution rate. For the fiscal year ending August 31, 2018, total contributions (dues, prior service, and interest on prior service financing) of \$59,690 were paid by the City. The State appropriated \$1,329,219 for the fiscal year ending August 31, 2018 to the plan as a whole.

Net Pension Liability

The System's net pension liability was measured as of August 31, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of August 31,2018.

| Total pension liability | \$ 137,514,345 |
|--|-------------------|
| Plan fiduciary net position | 115,863,894 |
| System's net pension liability | \$ 21,650,451 |
| Plan fiduciary net position as a percentage of the total pension | |
| liability | 84.30% |

Actuarial Assumptions

The total pension liability in the August 31, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Valuation Date 8/31/2018
Actuarial Cost Method Entry Age
Amortization Method Level Dollar, Open
Amortization Period 30 years

Asset Valuation Method

Market value smoothed by a 5-year
deferred recognition method with a
80%/120% corrridor on market value

Actuarial Assumptions:

Investment Rate of Return* 7.75%
Projected Salary Increase N/A
*Includes Inflation At 3.00%
Cost of Living Adjustments None

Mortality rates were based on the RP-2000 Combined Healthy Lives Mortality Tables for males and for females projected to 2024 by scale AA. The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future net real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These components are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation (3.00%). In addition, the final 7.75% assumption reflected a reduction of 0.26% for adverse deviation. The target allocation and expected arithmetic real rates of return for each major asset class are summarized in the following table:

IV. OTHER INFORMATION (Continued)

| Asset Class | Target Allocation | Long-Term Expected Net Real Rate of Return |
|----------------------------|-------------------|---|
| Equities | | |
| Large Cap Domestic | 32.00% | 5.81% |
| Small Cap Domestic | 15.00% | 5.92% |
| Developed International | 15.00% | 6.21% |
| Emerging Markets | 5.00% | 7.18% |
| Master Limited Partnership | 5.00% | 7.61% |
| Real Estate | 5.00% | 4.46% |
| Fixed Income | 23.00% | 1.61% |
| Cash | 0.00% | 0.00% |
| Total | 100.00% | |

Discount Rate

The discount rate used to measure the total pension liability was 7.75%. No projection of cash flows was used to determine the discount rate because the August 31, 2018 actuarial valuation showed that expected contributions would pay the normal cost and amortize the unfunded actuarial accrued liability (UAAL) in 30 years using the conservative level dollar amortization method. Because of the 30-year amortization period with the conservative amortization method, the pension plan's fiduciary net position is expected to be available to make all projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to changes in the discount rate

The following presents the net pension liability of the City, calculated using the discount rate of 7.75%, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.75%) or 1 percentage point higher (8.75%) than the current rate:

| | 1% Decrease in Discount Rate (6.75%) | Discount Rate (7.75%) | 1% Increase in Discount Rate (8.75%) |
|---|--|--------------------------|--|
| City's proportionate share of the net pension liability | \$536,105 | \$269,765 | \$90,126 |

IV. OTHER INFORMATION (Continued)

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions</u>

At August 31, 2019, the City reported a liability of \$269,765 for its proportionate share of the plan's net pension liability. This liability reflects a reduction for State pension support provided to the City. The amount recognized by the City as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the City were as follows:

| City's proportionate share of the collective net pension liability | \$ 269,765 |
|--|------------|
| State's proportionate share that is associated with the City* | 74,871 |
| Total | \$ 344,636 |

*Calculated using the City's proportionate share of contributions multiplied by the State's share of the collective net pension liability.

The net pension liability was measured as of August 31, 2018 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. GASB Statement No. 68 requires the net pension liability to be measured as of a date no earlier than the end of the employer's prior fiscal year. TESRS did not roll forward the net pension liability nor did they provide the necessary information for the participants to roll forward themselves. While the City acknowledges that the measurement date does not fall within this 12-month period, the City elected to honor the conservatism principle and report a net pension liability measured as of August 31, 2018. The City used the assumption that any differences in the net pension liability measured as of August 31, 2018 versus September 30, 2018 would be immaterial. The employer's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2017 through August 31, 2018.

At August 31, 2018 the employer's proportion of the collective net pension liability was 1.246%.

There were no changes of assumptions or other inputs that affected measurement of the total pension liability during the measurement period.

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

For the year ended September 30, 2019 the City recognized pension expense of \$132,436. The City recognized on-behalf revenues of \$22,995 calculated by taking the State's total contributions to TESRS multiplied by the City's proportionate share.

IV. OTHER INFORMATION (Continued)

At August 31, 2018, the City reported its proportionate share of the TESRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of | Deferred Inflows of | |
|--|----------------------|---------------------|--|
| | Resources | Resources | |
| Differences between projected and actual | | | |
| investment earnings | \$ - | \$ 14,909 | |
| Differences due to changes in actuarial | | | |
| assumptions | 1,008 | - | |
| Differences in expected and actual | | | |
| experience | 73 | 777 | |
| Contributions paid to TESRS subsequent | | | |
| to the measurement data | 53,150 | - | |
| Total | \$ 54,231 | \$ 15,686 | |

Deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date totaling \$53,150 will be recognized as a reduction of the net liability for the year ending September 30, 2019.

The net amounts of the employer's balances of deferred outflows of resources related to pensions will be recognized in pension expense as follows:

| Measurement | Pension |
|-------------|-------------|
| Year | Expense |
| 2019 | 17,382 |
| 2020 | (9,671) |
| 2021 | (14,233) |
| 2022 | (8,082) |
| Total | \$ (14,604) |

F. Restatements

The net position of the City's governmental activities, business-type activities, Water Fund, and component unit as previously reported, as of September 30, 2018, have been restated to give effect to the following:

1. Capital Assets, Not Being Depreciated

The beginning balance of capital assets reported in the government-wide financial statements has been restated as a result of a correction of a previously reported value.

IV. OTHER INFORMATION (Continued)

A table depicting these changes to the government-wide financial statements follows:

| | G | overnmental Activities | Component Unit |
|---|-------|---------------------------|--------------------------|
| Net position as previously reported Increase/(Decrease) due to correction of capital assets | \$ | 43,052,177 16,071 | \$ 2,798,101 (16,071) |
| Net Position as restated | \$ | 43,068,248 | \$ 2,782,030 |

2. Capital Assets, Net and Nonoperating revenues

The beginning net position is being restated as a result of a capital asset disposal which was not recorded in the prior fiscal year. As a result, both capital assets and nonoperating revenues were overstated for fiscal year 2018.

A table depicting these changes to the fund level financial statements follows:

| | later Fund |
|-------------------------------------|------------------|
| Net position as previously reported | \$ 14,537,698 |
| Miscellaneous, Net | (81,368) |
| Net Position as restated | \$ 14,456,330 |

A table depicting this change to the government-wide financial statements follows:

| | Business-type Activities | |
|---|---------------------------------|--|
| Net position as previously reported Decrease due to correction of loss on capital asset disposal | \$ 54,622,500 (81,368) | |
| Net Position as restated | \$ 54,541,132 | |

G. Other Post-Employment Benefits

<u>Plan Description</u>. The City of Brenham provides post-employment medical benefits (OPEB) to eligible City employees and their eligible dependents and retirees and their eligible dependents. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75. Plan benefits include medical and prescription coverage.

IV. OTHER INFORMATION (Continued)

<u>Benefits Provided</u>. Retirees and covered spouses whose sum of age and years of service was equal to or greater than 75 at the time of retirement may purchase group health insurance until they or their spouse reach Medicare eligibility. Medical coverage levels for retirees are the same coverage provided to active City employees in accordance with the terms and conditions of the current City Benefit Plan. The retiree pays the established monthly premium for group health care coverage less the City supplement of \$100 for retiree only and \$200 for retiree and spouse. The contribution requirements of plan members are established by the City and may be amended as needed.

<u>Employees covered by benefit terms</u>. At October 1, 2018, the effective date of the most recent OPEB valuation, the following employees were covered by the benefit terms:

| Inactive employees or spouses currently receiving benefit payments | 7 |
|---|-----|
| Inactive employees entitled to but not yet receiving benefit payments | 0 |
| Active plan members | 175 |
| | 182 |

<u>Total OPEB Liability</u>. The City's total OPEB liability of \$1,706,224 was measured as of September 30, 2019 and was determined by an actuarial valuation as of October 1, 2018.

<u>Actuarial Assumptions</u>. The total OPEB in the October 1, 2018 actuarial valuation was determined using the following actuarial assumptions as of the September 30, 2019 measurement date:

| Discount rate | 2.66% |
|--------------------------------------|------------------|
| Actuarial cost method | Entry Age Normal |
| Inflation | 2.50% |
| Salary increases including inflation | 3.00% |

Healthcare cost trend rate

Healthcare cost trend rate

Initial rate of 3.50% increasing to 5.50% after 14 years then declining to an ultimate rate of 3.90% after 65 years

The discount rate was based on the Bond Buyer General Obligation 20-Bond Municipal Index.

Mortality rates were based on the Pub GH-2010 projected forward with MP-2019.

The plan has not had a formal actuarial experience study performed.

IV. OTHER INFORMATION (Continued)

Changes in the Total OPEB Liability

| | Total OPEB Liability |
|----------------------------------|----------------------|
| Balance at 9/30/2018 | \$ 1,384,941 |
| Changes for the year: | |
| Service Cost | 72,565 |
| Interest on total OPEB liability | 60,179 |
| Effect of plan changes | - |
| Effect of economic/demographic | |
| gains or losses | (47,313) |
| Effect of assumptions, changes | |
| or inputs | 271,845 |
| Benefit payments | (35,993) |
| Net changes | 321,283 |
| Balance at 9/30/2019 | \$ 1,706,224 |

Sensitivity of the total OPEB liability to changes in the discount rate.

The following presents the total OPEB liability of the City, calculated using the discount rate of 2.66%, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.66%) or 1 percentage point higher (3.66%) than the current rate.

| | 1% Decrease in | | 1% Increase in |
|----------------------|----------------|---------------|----------------|
| | Discount Rate | Discount Rate | Discount Rate |
| | (1.66%) | (2.66%) | (3.66%) |
| Total OPEB Liability | \$1,921,770 | \$1,706,224 | \$1,517,203 |

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates.

The following presents the total OPEB liability of the City, calculated using the current healthcare cost trend rates as well as what the City's total OPEB liability would be if it were calculated using trend rates that are 1 percentage point lower or 1 percentage point higher than the current trend rates.

| | | Current Trend | |
|----------------------|-------------|---------------|-------------|
| | 1% Decrease | Rate | 1% Increase |
| Total OPEB Liability | \$1,460,195 | \$1,706,224 | \$2,008,173 |

Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended September 30, 2019, the City recognized OPEB expense of \$113,361. At September 30, 2019, the City reported deferred inflows of resources related to OPEB from the following sources:

| | Deferred Outflows | Deferred Inflows |
|--|-------------------|------------------|
| | of Resources | of Resources |
| Differences between expected and actual experience | \$ - | \$ 41,088 |
| Changes of assumptions | 236,076 | 69,843 |
| Total | \$ 236,076 | \$ 110,931 |

IV. OTHER INFORMATION (Continued)

Amounts reported as deferred inflows of resources related to other postemployment benefits will be recognized in OPEB expense as follows:

| Year ended September 30: | | |
|--------------------------|----------|---------|
| 2020 | <u> </u> | 16,610 |
| 2021 | | 16,610 |
| 2023 | | 16,610 |
| 2023 | | 16,610 |
| 2024 | | 16,610 |
| Thereafter | | 42,095 |
| Total | \$ | 125,145 |

H. Tax Increment Reinvestment Zones

Chapter 311 of the Texas Tax Code allows for the creation of Tax Increment Reinvestment Zones ("TIRZ"). TIRZ are statutory tools available to municipalities in Texas to promote development or redevelopment in an area that would not occur in the foreseeable future solely through private investment.

When a TIRZ is formed, a base value for the property located within the TIRZ is established. At the date of creation, the appraised value is normally accepted as the base value. As the property within the TIRZ develops, property taxes are collected based upon appreciated appraised values at the established rate. The amount of taxes attributable to the increase in the appraised value is remitted to the Tax Increment Financing Fund to be used to fund the approved project plan. Project plans normally include the creation of infrastructure and other public improvements within the respective zone. A TIRZ may be terminated either on the date designated in the ordinance creating the zone, or the date on which all project costs, tax increment debt, and associated interest have been paid.

As of September 30, 2019, the City has created one Tax Increment Financing Zone:

<u>Tax Increment Reinvestment Zone #1:</u> In December 2018, the City approved an ordinance creating a TIRZ known as "Tax Increment Reinvestment Zone Number One, City of Brenham, Texas" ("Zone One"). Zone One encompasses approximately 2,201 acres of land generally located along U.S. Highway 290, South Market Street, and West Main Street corridors within the city limits. The effects of Zone One will not be realized until FY 2020.

I. Tax Abatements

The City of Brenham negotiates property tax abatement agreements on an individual basis. Each agreement was negotiated under The Texas Property Redevelopment and Tax Abatement Act, Chapter 312, Tax Code, V.A.T.S. as amended, allowing localities to abate property taxes for economic development purposes, which include business relocation, retention and expansion. Property must be located within a reinvestment zone to be eligible for a tax abatement, and agreements are limited to ten (10) years in length.

The City has established guidelines and criteria for tax abatements and has adopted formal incentive schedules for calculating the level of abatement depending on the combination of property value created and job creation/retention. These schedules also include property value created in the downtown district.

IV. OTHER INFORMATION (Continued)

The recipients commit to adding new value to the tax rolls of eligible property within established minimums and maximums and commit to new and or retained full-time employees with a minimum salary and benefits level.

Each tax phase-in incentive project is monitored annually for compliance. If a recipient does not fulfill the requirements, the City has an abatement recapture clause and if such default is not cured within thirty (30) days, the agreement shall be terminated. Taxes otherwise abated for the calendar year of default, shall be paid to the City within sixty (60) days from the date of termination.

For fiscal year 2019, the City abated property taxes of \$133,322, or 1.95%, of the \$6,824,162 total levy.

J. Economic Development Agreement

<u>Chapter 380 Agreement</u> – The City entered into a Chapter 380 Economic Development Agreement with a developer. Upon the construction of a commercial and retail shopping center, the City agrees to pay a percentage of 1 cent sales taxes collected from within the development property to the developer. The percentage share for years 1 through 5 is 90% and may be reduced to 80% and then 70% over the term of the agreement. Payments will continue annually until either the maximum reimbursement amount is paid or December 31, 2033, even if the maximum reimbursement amount has not been paid. The maximum reimbursement amount is \$6,000,000. As of September 30, 2019, there were no expenses recorded related to this agreement.

K. Subsequent Events

On October 3, 2019, the City Council awarded a bid in the amount of \$1,075,217 to Angel Brothers Enterprises, LTD for the Burleson Street culvert replacement project. Funding was approved through the Hazardous Mitigation Grant Program to cover 75% of the construction costs.

On October 17, 2019, the City Council awarded the following contracts:

- \$321,885 to Barclays Premier Utility Services, LLC related to Industrial Boulevard Storm Damage Repairs.
- \$382,916 to Lonnie Lischka Company, LP related to Brenham Community Development Corporation's Regional Detention Pond Improvements in the Brenham Business Center.
- \$269,245 to South Texas Central Texas Excavation related to Brenham Community Development Corporation's regional detention pond improvements in the Southwest Industrial Park, Section III.

On October 17, 2019, the City Council approved a resolution expressing official intent to reimburse \$625,000 of costs related to street rebuild and reconstruction projects. The funds will be derived from the issuance of Certificates of Obligation in fiscal year 2020.

IV. OTHER INFORMATION (Continued)

On November 7, 2019, the City Council approved a resolution expressing official intent to reimburse up to \$5,050,000 related to streets and drainage projects and renovation and improvements to the City's Water and Wastewater utility systems. The funds will be derived from the issuance of Certificates of Obligation in fiscal year 2020.

On December 5, 2019, the City Council approved an ordinance establishing a Municipal Drainage Utility System. On December 19, 2019, the City Council approved an ordinance establishing the rate tariff schedules for this new Drainage Utility System.

On December 5, 2019, the City Council approved a financing proposal for vehicle and equipment replacements with Brenham National Bank in the amount of \$772,000. Note terms are for three, five and seven years each with an annual percentage rate of 2.30%.

On December 19, 2019, the City Council awarded the following contracts related to storm damage and drainage improvements:

- \$153,735 to Solid Bridge Construction related to the Jackson Street storm damage repairs.
- \$371,459 to Solid Bridge Construction related to Hohlt Park Stream Restoration.

On January 16, 2020, the City Council authorized the issuance and sale of \$5,465,000 Combination Tax and Revenue Certificates of Obligation, Series 2020. The proceeds are to be used for the following purposes:

- Streets and Drainage Projects
- Water System Improvements
- Wastewater System Improvements

On January 16, 2020, the City Council awarded a bid in the amount of \$250,408 to Vortex related to the design, equipment, and installation of a splashpad at Henderson Park.

On January 16, 2020, the City Council approved a resolution authorizing an advance funding agreement between the City of Brenham and the Texas Department of Transportation (TxDOT) in the amount of \$633,582 related to road improvements at the intersection of Chappell Hill Street and U.S. Highway 290 Feeder.

On February 6, 2020, the City Council approved a payoff to JPMorgan Chase Bank for the Diamond Z tub grinder in the amount of \$466,879.

On February 20, 2020, the City Council awarded a bid in the amount of \$953,202 to 5-T Utilities, Inc. related to the Baker Katz Development sanitary sewer (wastewater) improvements.

On February 20, 2020, the City Council awarded a bid in the amount of \$4,999,992 to Lindsey Construction. Inc. related to the raw water intake repair at Lake Somerville.

On March 5, 2020, the City Council approved a contract with Brannon Industrial Group for the provision of municipal solid waste collection, transfer, removal, disposal and recycling services.

On March 5, 2020, the City Council approved the purchase of a Schwarze Street Sweeper through HGACBuy in the amount of \$234,611. At the same meeting, Council approved an equipment financing proposal for the Schwarze Street Sweeper with the Bank of Brenham.

IV. OTHER INFORMATION (Continued)

L. New Pronouncements

The City will implement the following new financial accounting and reporting standards issued by GASB:

- Statement No. 84, "Fiduciary Activities." The requirements for this statement are effective for FY20
- Statement No. 87, "Leases." The requirements of this statement are effective for FY21.
- Statement No. 89, "Accounting for Interest Cost Incurred before the End of a Construction Period." The requirements of this statement are effective for FY20.
- Statement No. 90, "Majority Equity Interests an amendment of GASB Statements No. 14 and No. 61." The requirements of this statement are effective for FY19.

SCHEDULE OF CHANGES IN TOTAL OPEB LIABILITY AND RELATED RATIOS

Last 10 Years (will ultimately be displayed)

| | 2018 | 2019 |
|--|---|---|
| Total OPEB Liability | | |
| Service Cost Interest on total OPEB liability Effect of economic/demographic gains or losses Effect of assumptions, changes or inputs Benefit payments | \$ 81,913 53,194 - (95,711) (67,223) | \$ 72,565 60,179 (47,313) 271,845 (35,993) |

Notes to Schedule of Contributions

Valuation Date:

Notes Actuarially determined contribution rates are calculated as of December 31 and become effective in January, 13 months later.

Methods and Assumptions Used to Determine Contribution Rates:

Actuarial Cost Method Entry Age Normal

Amortization Method Level Percentage of Payroll, Closed

Remaining Amortization Period 25 Years

Asset Valuation Method 10 Year smoothed market; 15% soft corridor

Inflation 2.50%

Salary Increases 3.50 to 10.50%, including inflation

Investment Rate of Return 6.75%

Retirement Age Experience-based table of rates that are specific to the City's plan of benefits. Last updated for the 2015 valuation pursuant to an experience study of

the period 2010-2014.

Mortality RP2000 Combined Mortality Table with Blue Collar Adjustment with male rate multiplied by 109% and female rate multiplied by 103% and projected on

a fully generational basis with scale BB.

Other Information:

Notes 1.) Adopted 100% repeating USC with transfer.

2.) Granted 70% ad hoc COLA.

SCHEDULE OF THE CITY'S PROPORTIONATE SHARE OF THE NET PENSION LIABILITY TEXAS EMERGENCY SERVICES RETIREMENT SYSTEM (TESRS)

CITY OF BRENHAM, TEXAS

Special Revenue Funds

Special revenue funds are used to account for the proceeds of specific revenue sources that are restricted to expenditures for specific purposes.

Hotel/Motel Tax Fund

This fund is used to account for a 7% occupancy tax assessed on hotel and motel occupants, in the City of Brenham, that is restricted to various functions and organizations that develop and promote tourism.

Hotel/Motel Tax Fund - Washington County

This fund is used to account for a 7% occupancy tax assessed on hotel and motel occupants, outside the city limits but within Washington County, that is restricted to various functions and organizations that develop and promote tourism.

PD Criminal Law Enforcement Fund

This fund is used to account for revenues specifically restricted for police department criminal law enforcement.

Courts Technology/Security Fund

This fund is used to account for revenues restricted for providing security services, technology, and staffing for the Municipal Court.

Capital Projects Funds

Capital Projects Funds are used to account for financial resources used for the acquisition and construction of capital facilities other than those financed by proprietary funds and trust funds.

Airport Capital Improvement Fund

This fund is used to account for grant proceeds used for the airport runway improvements and repair project.

Capital Leases Fund

This fund is used to account for capital lease proceeds and capital lease expenditures.

2017 Capital Projects Fund

This fund is used to account for proceeds and expenditures for the approved 2017 Bond projects.

Parks Capital Improvements Fund

This fund is used to account for proceeds and expenditures related to park improvements.

Streets and Drainage Improvements Fund

This fund is used to account for bond proceeds and capital expenditures for street improvement and reconstruction projects.

This page intentionally left blank.

CITY OF BRENHAM, TEXAS

Internal Service Funds

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to other government units, on a cost reimbursement basis.

Workers' Compensation Fund

This fund is used to account for a zero deductible plan for workers' compensation provided to other funds of the City on a cost reimbursement basis.

Central Fleet Fund

This fund is used to account for the rental income and related expenses for vehicles and equipment provided to other funds of the City on a cost reimbursement basis.

Debt Service Fund

This fund is used to account for the accumulation of financial resources for the payment of interest and principal on the general long-term debt of the City, other than debt service payments made by enterprise funds. Ad valorem taxes and interest earned on the investments of the Debt Service funds are used for the payment of principal, interest, and commissions to fiscal agents on the City's general obligation bonds, which are reflected in the government-wide financial statements.

⁽¹⁾ Data was derived from the Texas Comptroller's Quarterly Sales Tax Report for the City of Brenham. Information was selected on a calendar year basis in order to capture those businesses that only file annually. Data for calendar year 2019 was unavailable. Prior years are subject to change based on numbers from Texas Comptroller website.

⁽²⁾ The total for all industries includes sales subject to sales tax for businesses that cannot be shown in their industry category because that category has less than four reporting outlets. Therefore, summation of sales subject to sales tax by industry will be less than the total shown for all industries.

⁽³⁾ One-quarter of this rate and sales tax revenue collected is allocated to the Brenham Community Development Corporation.

| Total direct and overlapping debt | \$ | 48,477,560 | \$ 10,542,587,914 | | \$ 31,333,848 |
| Ratio of direct and consolidated overla | pping | funded debt to | taxable assessed va | aluation | 0.30% |
| Per capita consolidated overlapping ta | x supp | oorted debt (ba | sed on population of | 17,276) | \$1,814 |

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Brenham. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

⁽¹⁾ The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the City's taxable assessed value that is within the government's boundaries and dividing it by the City's total taxable assessed value.

| 2019 | 17,296 | | 915,980 | | 52,960 | 3.1 |

- (1) Population data for 2011 to 2018 are projections provided by the Population Division of the U.S. Census Bureau. The results of the 2010 Census supply the data for 2010. Data for 2019 is estimated based on an average annual growth rate. All data is updated annually based on the newest information available.
- (2) Total personal income derived by taking Brenham population multiplied by per capita personal income for Washington County (see note 3).
- (3) Per capita data for 2010 to 2018 are projections for Washington County provided by the Bureau of Economic Analysis. Year 2019 is an estimate based on a five year compound average annual growth rate. All data is updated annually based on the newest information available.
- (4) Unemployment rates are taken from U.S. Bureau of Labor Statistics. Under the new U.S. Bureau of Labor Statistics mandated methodology for producing labor statistics, a city must have a population of at least 25,000 for city-level estimates to be produced; therefore, the unemployment rates shown for 2010 to 2019 are for Washington County.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and Members of the City Council City of Brenham, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Brenham, Texas, (the "City") as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated March 16, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses, or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Brenham, Texas March 16, 2020 Sindel Sumanau

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Honorable Mayor and Members of the City Council City of Brenham, Texas

Report on Compliance for Each Major Federal Program

We have audited the City of Brenham, Texas' compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City of Brenham, Texas' major federal programs for the year ended September 30, 2019. The City of Brenham, Texas' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City of Brenham, Texas' major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Brenham, Texas' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, out audit does not provide a legal determination of the City of Brenham, Texas' compliance.

Basis for Qualified Opinion on CFDA 97.036 Disaster Grants- Public Assistance

As described in the accompanying schedule of findings and questioned costs, the City of Brenham, Texas did not comply with requirements regarding CFDA 97.036 Disaster Grants-Public Assistance as described in finding number 2019-001 for Allowable Costs/Cost Principles. Compliance with such requirements is necessary, in our opinion, for the City of Brenham, Texas to comply with the requirements applicable to that program.

Qualified Opinion on CFDA 97.036 Disaster Grants- Public Assistance

In our opinion, except for the noncompliance as described in the Basis for Qualified Opinion paragraph, the City of Brenham, Texas complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on CFDA 97.036 Disaster Grants-Public Assistance for the year ended September 30, 2019.

Other Matters

The City of Brenham, Texas' response to the noncompliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The City of Brenham, Texas' response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

Report on Internal Control over Compliance

Management of the City of Brenham, Texas is responsible for establishing and maintaining effective internal controls over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Brenham, Texas' internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal programs that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in

internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify a deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item 2019-002, that we consider to be a material weakness.

The City of Brenham, Texas' response to the internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Brenham, Texas March 16, 2020 Side Schaner

CITY OF BRENHAM, TEXAS SCHEDULE OF FINDINGS AND QUESTIONED COSTS SEPTEMBER 30, 2019

SUMMARY OF AUDIT RESULTS

- 1. The auditor's report expresses an unmodified opinion on whether the financial statements of the City of Brenham, Texas were prepared in accordance with GAAP.
- 2. No significant deficiencies relating to the audit of the financial statements are reported in the Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*.
- 3. No instances of noncompliance material to the financial statements of the City of Brenham, which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.
- 4. One material weakness in internal control over major federal award programs disclosed during the audit is reported in the Schedule of Findings and Questioned Costs.
- 5. The auditor's report on compliance for the major federal award programs for the City expresses a qualified opinion on CFDA 97.036 Disaster Grants- Public Assistance.
- 6. Audit findings that are required to be reported in accordance with 2 CFR section 200.516(a) are reported in this schedule.
- 7. The program tested as a major program was the
 - U.S. Department of Homeland Security/Texas Department of Public Safety CFDA 97.036.
- 8. The threshold for distinguishing Types A and B programs was \$750,000.
- 9. The City did not qualify as a low-risk auditee.

None

FINDINGS AND QUESTIONED COSTS- MAJOR FEDERAL AWARD PROGRAMS AUDIT

Noncompliance

DEPARTMENT OF HOMELAND SECURITY DISASTER GRANTS – PUBLIC ASSISTANCE CFDA NO. 97.036

2019-001 Allowable Costs/Cost Principles

Condition: The City contracted with professional engineers for projects funded by federal awards without following competitive proposal procedures. In addition, a contract with one engineering firm included a cost-plus fee structure.

Criteria: Grant agreements require the City to follow local, state and/or federal procurement laws, regulation, and procedures.

Cause: Following Texas state law regarding procurement of professional services, the City contracted with professional engineers with which it had prior experience to perform initial storm damage assessments and continued to utilize their services once projects were approved for funding by federal awards.

Effect: The cost of professional engineering services may be disallowed.

Questioned Costs:

| | \$ 323,802 |
|---|---------------|
| 12x-12/2-1 W-00/37 - sublimited but not yet felmbulsed | 24,299 |
| Engineering costs (Strand Associates) - grant number PA-06- TX-4272-PW-00739 - submitted but not yet reimbursed | 24 200 |
| Engineering costs (Strand Associates) - grant number PA-06-TX-4272-PW-00862 - submitted but not yet reimbursed | 31,205 |
| Engineering costs (Strand Associates) - grant number PA-06-TX-4272-PW-00863 - \$165,220 submitted but not yet reimbursed and \$10,516 not yet submitted for reimbursement | 175,736 |
| Engineering costs (Gunda Coropration) - grant number PA-06-TX-4272-PW-00585 - not yet submitted for reimbursement | 42,713 |
| Engineering costs (Gunda Corporation) - grant number PA-06-TX-4269-PW-0087 - submitted for reimbursement and denied | \$ 49,849 |

Recommendation: The City should establish procurement policies and procedures to include federal contract provisions. The City should also amend its engineering contracts to remove the cost-plus fee structure.

Views of Responsible Officials and Planned Corrective Actions: The City has established procurement policies and procedures to include federal contract provisions and has amended its engineering contracts to remove the cost-plus fee structure. It is the intent of the City, as advised by FEMA representatives, to submit these expenditures for reimbursement at project closeout noting an allowable exception based on Texas state law.

Material Weaknesses

DEPARTMENT OF HOMELAND SECURITY DISASTER GRANTS – PUBLIC ASSISTANCE CFDA NO. 97.036

2019-002 Federal Award Policies and Procedures

Condition: The City does not have written policies, procedures, and standards of conduct for federal awards as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) Subparts D-Post Federal Award Requirements and E-Cost Principles.

Criteria: The Uniform Guidance requires the City to have written policies, procedures and standards of conduct for federal awards.

Cause: The City was unaware of a requirement to have written policies and procedures with respect to federal awards.

Effect: The requirements of Subparts D-Post Federal Award Requirements and E-Cost Principles may not be followed.

Recommendation: The City should establish written policies, procedures, and standards of conduct for federal awards in accordance with the Uniform Guidance.

Views of Responsible Officials and Planned Corrective Actions: The City has established procurement policies and procedures to include federal contract provisions and will establish and adopt written policies for federal awards.

City of Brenham, Texas Notes to Federal Awards Section September 30, 2019

Note 1: Basis of Presentation

The accompanying schedule of expenditures of federal and state awards includes the federal and state grant activity of the City and is presented on the modified accrual basis of accounting.

Notes A-E: Net Other Transactions

- A The City is unsure whether grant specific procurement procedures relating to certain professional services were precisely followed, therefore these expenditures may or may not be reimbursed. It is the intent of the City, as advised by FEMA, to submit these expenditures for reimbursement at project closeout noting an allowable exception based on Texas state law. Revenue will be accrued upon approval by FEMA.
- B Expenditures incurred in prior years but not accrued as of September 30, 2018. Submission for reimbursement for these expenditures was delayed due to need to resolve contractor payouts with surety company. Reimbursement submitted in FY19 with funds received in FY20.
- C Includes \$140,605 of expenditures incurred in prior years but not accrued as of September 30, 2018 less \$837,410 of expenditures incurred in FY19 that exceed the approved grant amount as of September 30, 2019. Grant is expected to be amended to include these expenditures. Revenue will be accrued upon approval by FEMA.
- D Expenditures incurred in prior years but not accrued as of September 30, 2018. Reimbursement for these expenditures was requested in FY19 during project close out.
- E Includes \$83,636 of expenditures incurred in prior years but not accrued as of September 30, 2018. These expenditures, along with \$51,869 of current year expenditures relate to certain professional services which may or may not be reimbursed. Therefore, these reimbursements have not been recorded as accrued revenue. See note A.
- F Includes \$14,214 of expenditures incurred in prior years but not accrued as of September 30, 2018. These expenditures, along with \$8,631 of current year expenditures relate to certain professional services which may or may not be reimbursed. Therefore, these reimbursements have not been recorded as accrued revenue. See note A.
