How COOL to fill the city pool with CATFISH!!! Several years ago, we were able to expand our event to include health and safety booths and activities as well as provide training for Boy & Girl Scouts to earn their fishing badge. In one day and at one event, children are fishing, learning how to bait a hook, tie a knot, treat a hook puncture, and have the opportunity to swim indoors and try out the inflatable obstacle course.

The day starts out with "Fish School" where we go over the rules for the event, followed by a catch and release, catch, and keep and ending the day with Fish Awards. Our goal is that every child will have an opportunity to learn and experience the joys of fishing. We are blessed to have the continued support from the City of Brenham and our local community to be able to continue this amazing event.

Please let us know if we can count on your sponsorship. If you need any further information, please feel free to give us a call. THANK YOU for your consideration of the request.

Sincerely,
