**GENERAL SERVICE - URBAN**

**RATE SCHEDULE - W-A**

**APPLICABILITY**

This rate is applicable to all residential customers receiving water service through a permanent meter installation.

**AVAILABILITY**

This rate is available to all customers located within the corporate limits of the City of Brenham, Texas.

**RATES**

First 3,000 gallons or less	\$27.73
3,001 – 10,000 gallons	\$6.081/1,000gallons
10,001 – 25,000 gallons	\$7.61/1,000 gallons
25,001 and above	\$9.52/1,000 gallons

**MINIMUM CHARGES**

The minimum monthly bill shall be \$27.73

**TERMS OF PAYMENT**

All rates specified herein are net, and the gross rates for delinquent payments are ten percent (10%) higher. Each bill for service is due within fifteen (15) days after issuance unless such day falls on a holiday or weekend, in which case payment is due on the next workday. If full payment is not received at the City's offices or other approved payment location on or before the due date, all of the customer's utility services will be considered delinquent and subject to disconnection.

**CHARACTER OF SERVICE**

Water supplied under this rate is normally treated surface water approved for public water supply by the Texas Commission on Environmental Quality.

**SPECIAL CONDITIONS OF SERVICE**

1. Service rendered under this schedule is subject to the City's Rules and Regulations in effect from time to time.
2. Bills will be adjusted by the proportionate part of any tax or charge levied or assessed against the City or upon its water business as a result of any new or amended laws becoming effective after the effective date of this rate schedule.
3. Service will be rendered under this schedule when the City has facilities immediately adjacent to the customer's premises. If a main line extension is required to provide service to the customer, the customer's cost of the line extension will be determined in accordance with the City's extension policy in effect at the time of the extension.
4. If the installation of a service tap and meter is necessary to provide the customer with service, the cost of such installation is the responsibility of the customer.
5. The homeowner will be billed for metered water when City personnel find the water meter on.
6. Abnormally high water bills caused when a customer has a water leak (break in line, leaking commode, etc) will be adjusted a maximum of \$150 for a maximum of two billing periods. A customer whose current water bill is abnormally high because of a water leak must bring or mail a receipt to the Utility Billing Department showing that the problem has been fixed or a written and signed statement from the customer if the customer repaired the problem himself. Utility Billing will require the completion of one additional full billing cycle in order to be certain that the problem has been fixed. If the customer's water bill returns to normal, they will be credited for one-half of the water that leaked for a total maximum adjustment of \$150. If necessary, this adjustment/credit may be made for a maximum of two billing periods if the customer experienced an abnormally high water bill for more than one billing period.
7. Minimum water bills will be assessed based on the number of electric meters. Apartments will be billed one minimum for each rental unit on the premises.

5. The customer will be billed for metered water when City personnel find the water meter on.
6. Abnormally high water bills caused when a customer has a water leak (break in line, leaking commode, etc) will be adjusted a maximum of \$150 for a maximum of two billing periods. A customer whose current water bill is abnormally high because of a water leak must bring or mail a receipt to the Utility Billing Department showing that the problem has been fixed or a written and signed statement from the customer if the customer repaired the problem himself. Utility Billing will require the completion of one additional full billing cycle in order to be certain that the problem has been fixed. If the customer's water bill returns to normal, they will be credited for one-half of the water that leaked for a total maximum adjustment of \$150. If necessary, this adjustment/credit may be made for a maximum of two billing periods if the customer experienced an abnormally high water bill for more than one billing period.
7. Minimum water bills will be assessed based on the number of electric meters. Apartments will be billed one minimum for each rental unit on the premises.

**WATER SERVICE FEES**

**RATE SCHEDULE W-N**

**APPLICABILITY**

This rate schedule is applicable to the installation of service taps, service lines, water meters, and other miscellaneous water service-related items, for residential, commercial, and/or industrial customers.

**AVAILABILITY**

These rates are available to all customers or prospective customers of the City's water system.

- I. The actual tapping of a water main, by City staff, to provide service to an adjoining lot. The fee for connecting a meter to a line that has not been pre-stubbed, or has been pre-stubbed by the City, shall be based on meter size: A pre-stubbed water service is defined as a water service that has already been tapped at the main and has had the water service line extended to the property line. These fees are as follows:

1 Inch service tap, service line, and meter	\$1,230.00
1-1/2 Inch service tap, service line, and meter	\$1,890.00
2 Inch service tap, service line, and meter	\$2,200.00
*4 Inch service tap, service line, and meter	At Cost

\* Turbine meters only

Note: The fees established herein do not include cost for boring and casing, if required. Costs for boring and casing will be added to these fees based on actual cost.

Note: A water service installation that requires removal of pavement in a TxDOT right-of-way will be charged at the actual cost of work performed or incurred by the City. An owner may choose to hire a contractor to install the service at their own cost and the City will inspect the work to determine if the water service installation complies with the City's specifications. If an owner chooses to hire a contractor to install the service, the work must be completed in compliance with the City's specifications (or approved alternatives), as determined by the City, in its sole discretion, after inspection of the work. The final pavement repair must be performed immediately upon completion of the water service installation.

The fees for the installation of an irrigation meter commonly referred to as a split service are set forth below.
