MINUTES

BRENHAM COMMUNITY DEVELOPMENT CORPORATION

April 20, 2017

A meeting of the Brenham Community Development Corporation was held on January 12, 2017, at City Hall, 2nd Floor Conference Room, 200 W. Vulcan, Brenham, Texas beginning at 7:30 a.m.

Board members present were Charles Moser, David Cone, Atwood Kenjura, Jason Kiemsteadt, Darrell Blum, Bill Betts, and John Hasskarl.

City of Brenham staff members present were Terry Roberts, Carolyn Miller, Lowell Ogle, Ryan Rapelye, Dane Rau, Wende Ragonis, Stacy Hardy, Erik Smith, Jeana Bellinger, Casey Redman, Jennifer Eckermann and Paula Shields.

Others in attendance were Mayor Milton Tate; Page Michel and Clint Kolby, EDF; Grant Lischka and Erin Williford, Jones and Carter; Bob Schmidt, O'Malley Strand; Tommy Upchurch, Upchurch Architecture and Bill Anger

- 1. Chairman Charles Moser called the meeting to order
- 2. The Invocation and Pledges to the Flags Followed
- 3. Discuss and Possibly Act Upon the Approval of the Minutes from the January 12, 2017 Meeting and the March 3, 2017 Special Meeting

A motion was made by Atwood Kenjura and seconded by Bill Betts to approve the minutes from the January 12, 2017 meeting and the March 3, 2017 special meeting as corrected.

Chairman Moser called for a vote. The motion passed with the Board voting as follows:

Chairman Charles Moser	Yes
Board Member Bill Betts	Yes
Board Member Jason Kiemsteadt	Yes
Board Member Darrell Blum	Yes
Board Member Atwood Kenjura	Yes
Board Member John Hasskarl	Yes
Board Member David Cone	Yes

4 Discuss and Possibly Act Upon FY2016-17 Second Quarter Financial Reports

Assistant City Manager – Chief Financial Officer Carolyn Miller presented BCDC's FY2016-17 second quarter financial report.

Sales Tax Revenue

For FY17, Miller stated that the sales tax revenue budget was increased by two percent (2%) over the prior year's budget amount. Miller stated that with five months of collections received, sales tax revenue is trending slightly ahead of budget by \$28,437 accumulative. A budget estimate was used for March 2017 collections.

Financial Statements

The Economic Development and Brenham Business Center report shows an operating deficit of \$78,636 for the second quarter of FY17. The main reason for the deficit is the expenditure item for the EDA Grant Matching Contribution. At the January 12, 2017 meeting, BCDC approved the release of the \$150,000 final payment of committed funds to the EDF for the EDA Grant. Legal fees of \$2,066 and \$5,000 for the earnest money contract have been incurred related to land acquisition for business park expansion. All other operating expenditures were within budget levels and comparable to prior years.

The *Recreation Income Statement* has been updated to reflect seven (7) of the thirteen approved parks and recreation projects for FY17 that were completed in the second quarter. The *Recreation side* ended the quarter with an operating surplus of \$165,522.

BCDC Capital Projects Fund

Miller explained that there were no activities in the BCDC Capital Projects Fund for the first quarter of FY17. Approximately \$397,000 of the original \$657,000 allocated for new park infrastructure costs is available for future project expenditures.

A motion was made by Bill Betts and seconded by David Cone to approve the FY2016/17 second quarter financial reports as submitted.

Chairman Moser called for a vote. The motion passed with the Board voting as follows:

Chairman Charles Moser	Yes
Board Member Bill Betts	Yes
Board Member Jason Kiemsteadt	Yes
Board Member Darrell Blum	Yes
Board Member Atwood Kenjura	Yes
Board Member John Hasskarl	Yes
Board Member David Cone	Yes

5. Discuss and Possibly Act Upon an Engineering Report for Development of Regional Detention in the Brenham Business Center and Authorize the President to Execute Any Necessary Documentation

President Terry Roberts presented this item. Roberts explained that BCDC entered into an agreement with O'Malley Strand Associates in August 2016 for the design of the Brenham Business Center detention facility.

Bob Schmidt from O'Malley Strand provided an update on the detention pond design. Schmidt explained that the design is about 50% completed. The detention pond will be sized to serve the current undeveloped area of the Brenham Business Center water shed that runs through the west side of the property. The site area is approximately 77.87 acres.

Once the detention pond is complete, approximately 80% of the area will be available for development. Precision Polymer Engineering and Advanced Data Storage have their own detention pond; however, they will be able to close their ponds and reclaim that land.

Schmidt explained that the City will need to check with the United States Corp of Engineers to discuss the permitting process and requirements.

No Action was needed by the Board.

6. Discuss and Consider a Proposal for Planning and Design Assistance from Jones & Carter Related to the Future Brenham Family Park and Authorize the President to Execute Any Necessary Documentation

BCDC President Terry Roberts presented this item. Roberts explained that Jones & Carter consulting engineers was retained by the Kruse Family for the design of the detention pond/lake feature and Jones & Carter will be securing all of the necessary federal permits. It is anticipated that this project will be completed in the fall of 2018.

Roberts stated that Grant Lischka and Erin Williford of Jones & Carter have provided updates to BCDC on their work associated with the project at past BCDC minutes. Staff believes it would be logical to consider engaging Jones and Carter to assist the City and BCDC in developing a master plan for the new park. Jones and Carter has prepared a proposal for the BCDC's consideration detailing the scope of services that would assist the BCDC, Parks Board, city staff and the citizens of Brenham to create a vision for the new park to augment the existing city parks and recreation facilities.

The BCDC and Parks Board have appointed representatives of their respective boards to work with city staff and Jones & Carter to plan the future of the Brenham Family Park. Representatives of the BCDC are Darrel Blum and John Hasskarl; representing the Parks Board are Bill Betts and Paula Buls. Meetings will be scheduled in the near future to begin these discussions.

Grant Lischka from Jones & Carter explained that development of a master plan would take approximately six months to complete and will be performed in consultation with the joint subcommittee, city staff and community stakeholders. The projected cost of \$46,422 is not a budgeted item at this time so the funding would have to come from reserves.

A motion was made by Darrell Blum and seconded by Bill Betts to approve the proposal submitted by Jones & Carter related to the Future Brenham Family Park with a projected cost of \$46,422 and authorize the President to execute any necessary documentation.

Chairman Moser called for a vote. The motion passed with the Board voting as follows:

Chairman Charles Moser	Yes
Board Member Bill Betts	Yes
Board Member Jason Kiemsteadt	Yes
Board Member Darrell Blum	Yes
Board Member Atwood Kenjura	Yes
Board Member John Hasskarl	Abstain
Board Member David Cone	Yes

7. Discussion and Update from Upchurch Architects, Inc. Related to the Fireman's Park Restrooms

Public Works Director Dane Rau presented this item. Rau explained that Tommy Upchurch from Upchurch Architects, Inc. has been working on the design of the Fireman's Park Restrooms. Upchurch has made several presentations to the Board, updating them on the progress of the designs.

Upchurch explained that the project will be ready for bid early June and anticipates construction to begin sometime in July. The design will include:

- Connection from the parking lot to the new restrooms
- Adding a sidewalk from the kitchen to the restrooms
- Changing from the one current building to three small buildings men's room, woman's room and a family room
- Keeping the area open between the three buildings
- Keeping the site lines open between the kitchen and restrooms.

Upchurch explained that currently there are no specific plans for the WPA building, however the thought would be to raise the site area round the building, clear out the interior, and complete a structural assessment with leaving the just the walls standing.

8. Discussion and Update Relating to the Main Street Initiatives

Community Services Director Wende Ragonis presented this item. She provided an update to the Board on Main Street's three key priorities:

- Attract a downtown hotel development. With the City's new role as of January 2017 of
 operating the Barnhill Center at the Historic Simon Theatre, it became clear that mid-week
 conference delegates would like a hotel development within walking distance to their
 meeting venue. Project Luxury has been added to the Economic Development
 Foundation's monthly prospect list and updates relating to the progress of pending hotel
 development are discussed this channel.
- Negotiate the ownership of TxDOT right of way. The Downtown Master plan contains several initiatives in which obtaining ownership and control of the TxDOT is vital. ERC Committee Chairman Jim Moser has led the effort with City staff's support to create a Pedestrian Retail Zone within the historic downtown district. Moser has reached out to Senator Lois Kolkhorst and State Representative Leighton Schubert to discuss the plight of the Brenham Main Street as it relates to these TxDOT right of way concerns. There are three areas of control for which this is needed: (1) the local control of vehicular traffic in the predominately pedestrian downtown district (including the placement of speed deterrents), (2) a local determining voice in the development of streetscapes which would encourage pedestrian retail traffic; and (3) local control through municipal ordinances with the ability to enforce those ordinances for commercial signage and awning, bench planter and table placement in the TxDOT right of way. Staff has scheduled a meeting with the regional TxDOT staff for May 12, 2017.
- Improve the relationship with the key downtown stakeholders. County Commissioner, Luther Hueske is now an active member of the ERC committee and provides insight and information relevant to Main Street and a county perspective. Page Michel and Wende Ragonis met with Judge John Brieden and made a request for the cleaning of the Courthouse.

Ragonis provided an overview of some of the activities Main Street has been involved with over the past year.

The Southside district is the area just south of the existing B3 district along 1st Street between S. Park and Church. A B4 zoning district was created and named the *Neighborhood Business District*. If this district is approved, it will encourage a mix of commercial, office, service, residential and governmental uses while preserving the historical/commercial character of the unique district. Development Services will take this to the Zoning Committee and then to Council.

Main Street has once again retained its accreditation for the Main Street state and national accreditation.

Economic Restructuring Committee (ERC) has gathered feedback from various building owners to identify challenges and obstacles for growth and redevelopment. They have found that fire suppression is one of the major hurdles for the restoration of the historic building downtown. ERC has looked into what incentives may be available. They include:

- Incentive Grant Fund
- Economic Impact & Innovation Grant (EIIG)
- Sign Grant
- Tax Credit Program

Ragonis explained that Main Street Brenham has many stakeholders who are key in the continuing progress for the district. Ragonis stated that it is the goal of the City staff supporting Main Street Brenham that BCDC continues its role as a key stakeholder, especially as more private investment is made in the district.

9. Discussion and Update from the Economic Development Foundation

Economic Development Foundation President Page Michel provided the highlights from the second quarter report.

10. Staff Updates

> Administrative

President Terry Roberts explained that the Gurrech tact is close to closing. Title exceptions are being worked out.

o BCDC Budget Meeting June 15, 2017

City Retail Update

Assistant City Manager - Government Services provided update on Project

Parks & Recreation Update

President Terry Roberts explained that Parks Board met at Henderson Park with the users of that park. The meeting went well and the Board received great feedback from the users.

The meeting wa	as adjourned.

MEMORANDUM

TO:

Brenham Community Development Corporation Board of Directors

FROM:

Wende Ragonis

SUBJECT:

Reallocation of FY17 BBAC Funds

DATE:

May 30, 2017

The Brenham Community Development Corporation (BCDC) Board of Directors granted the following funding requests for the Blue Bell Aquatic Center (BBAC) for the FY17 budget cycle:

	Allocated	Spent	Balance
Aquatic Center-Powder Coat/Epoxy fence (Phase 3 of 3)	35,000	31,155	3,845
Aquatic Center Interior Improvements - Phase 2	30,000	12,043	17,957
Aquatic Center Interior Pump Enclosure Fence Replacement	10,000	6,508	3,492
	75,000	49,706	25,294

Each of these projects are now complete leaving a total fund balance of \$25,294 as noted above. Staff respectfully requests that this fund balance is reallocated to the BBAC in FY17 for audio visual enhancements to the BBAC facility as listed below.

	Requested
BBAC Main Audio and Sound System Upgrades	8,600
Display Monitors (for training & classes) w/presentation laptop	15,000
	23,000

The BBAC audio and sound system upgrade will replace the existing media tuner and controller that provides music and sound to the Natatorium and outdoor Leisure pool areas. The current system is original to the facility and technology has changed significantly in the last 16 years, so the system is obsolete and difficult to service and maintain. Staff is requesting the addition of display monitors in each of the meeting/exercise rooms as well. The rooms are utilized for various training sessions and meetings which require audio visual. Currently, staff must check-out equipment based upon availability from IT for training sessions and meetings. Staff is request one monitor for each room and one presentation laptop.

MEMORANDUM

To:

BCDC Board

From:

Page Michel, EDF President Change to Funding Allocation

Subject: Date:

June 8, 2017

The EDF would like to request a reallocation of funding from the BCDC in Fiscal Year 2016-17. It is for the Target Industry Analysis study that we are conducting with the Austin-based firm Mind Ecology.

Last year we requested \$5000 for the Target Industry study and \$12,800 for the Conversion Point technology project, and both were approved. The Conversion Point project has been suspended so we will not be requesting a reimbursement of those funds. The Target Industry study was expanded and will cost \$8,999. We would like to request a reallocation of \$3,999 to the Target Industry Analysis line item.

We will be in attendance at your June 13 BCDC Board Meeting to discuss these details and answer any questions you may have as you consider this request.

Thank you.

MEMORANDUM

To: BCDC Board and City Manager

From: Carolyn D. Miller

Assistant City Manager-Chief Financial Officer

Subject: Proposed BCDC Budget for FY17-18

Date: June 9, 2017

Attached is the proposed BCDC budget for FY17-18. The format is the same as we have used in prior years, with the FY17-18 proposed budget information shown in the three columns on the far right (green section). Some notable items are explained below:

Sales Tax

In FY17, a conservative approach was taken when budgeting a 2% increase over the prior year's budgeted sales tax. With six months of collections being reported, we are marginally (5.70%) ahead of budget. Taking the stable local economy into consideration but still being somewhat conservative, at this point the FY18 BCDC budget will be based on a 2% increase over FY17 projected revenue.

Projected FY16-17 Ending Fund Balance

The FY16-17 ending fund balance is estimated to be \$987,366 for the combined operation (see blue shaded amount). This means that the Recreation side will end the year with \$805,930 of estimated reserves and the Economic Development side will end with \$181,436 (after utilizing \$150,000 of reserves in FY17 for BCDC's second and final matching EDA grant contribution and \$393,000 of reserves related to the SWIP IV land purchase and initial interest payment).

Available Amount to Fund Projects in FY17-18

The FY17-18 budget is forecasting \$703,204 in available funding for Recreation projects before taking into account 11 projects that have been identified as potential BCDC funding considerations for the upcoming year. These potential projects total \$684,000 and if all were funded would leave a contingency balance of \$19,204.

The FY17-18 budget is forecasting \$52,520 in available funding on the Economic Development side. A new project has been identified by the Main Street department which would utilize \$15,000 of the available funding and if funded, leave a contingency balance of \$37,520.

EDF Budget Request

The last attachment is the EDF operations budget for FY17-18.

After reviewing this information, should you have any questions prior to Tuesday's meeting, do not hesitate to contact me directly at 979-337-7566.

Community Services FY18 Budget Requests

Date:

June 5, 2017

The Community Services Division has multiple areas of responsibility requesting funding from the BCDC. Community Services contributes to the leisure and recreation activities of the community by adding value through its people, programs and facilities. In addition, the Community Services team is key in the success of the economic vitality of the area through ensuring that the quality of life services provided in the community are exceptional. In addition to these quality of life services, the work of the Main Street program fosters economic growth in the downtown district by preserving the unique history of the district and by promoting the area as a year round destination for tourists. Community Services funding requests are included in this memo for the FY18 budget cycle.

The Community Services Division includes Community Programs and Marketing, Main Street, the Nancy Carol Roberts Memorial Library and the Blue Bell Aquatic Center (BBAC). Three of these departments are seeking guidance, support and funding for various initiatives from the Brenham Community Development Corporation (BCDC) Board of Directors.

The Parks Board met on May 16, 2017 to discuss, review and prioritize the various initiatives from Community Programs and the Blue Bell Aquatic Center.

Community Programs seeks funding support for the (1) Movies in the Park series and funds for (2) attractions and programming for the weekend of the Christmas Stroll and Lighted Christmas Parade.

Community Programs				
Movies in the Park	\$4,000			
Christmas Stroll	\$14,000			
Total	\$14,000			

The Blue Bell Aquatic Center seeks funding support for (1) Re-plastering of the Leisure Pool; (2) the scoreboard; and (3) Re-plastering of the Therapy Pool. The estimated cost for the scoreboard is approximately \$15,000. Staff has received a commitment from BISD for \$10,000 and Scott and White for \$1,000. Staff is requesting BCDC fund the gap for the cost of the scoreboard. The total request for funding from BBAC is \$115,000*.

BBAC				
Replaster Leisure Pool	\$80,000			
Scoreboard*	\$15,000			
Replaster Therapy Pool	\$20,000			
Total	\$115,000			

^{*} The scoreboard at the BBAC will be partially funded by sponsors and BISD.

Both the BBAC and Community Programs department requests are consistent with the goals and priorities identified in the 2015-2025 Parks, Recreation and Open Spaces Master which was adopted by Council at the February 19, 2015 Council meeting.

Main Street Brenham seeks funding support for three new Main Street initiatives.

- (1) The design and development of linear park pedestrian streetscape features along Park Street in the Southside District of historic downtown. These new amenities will be designed and constructed in conjunction with the drainage and infrastructure repairs which have been requested through the City of Brenham's FY18 budget process. Staff respectfully requests \$150,000 of funding for these pedestrian amenities.
- (2) Staff seeks funding in the amount of \$25,000 to design pedestrian streetscapes and linear park amenities in a new area of redevelopment. The "Four Star Concert Hall" is a current redevelopment project located in the historic building at 209 S. Market Street.

Both of these projects were discussed in detail during the April 20, 2017 BCDC meeting as Main Street Brenham staff presented an annual update to the Board.

(3) Main Street Brenham would like to partner with BCDC to fund a re-development incentive grant, the Economic Impact and Innovation Grant (EIIG). The grant guideline was approved at the September 12, 2016 Main Street Advisory Board meeting. This incentive opportunity would be considered by the Main Street Board for a unique and innovative business with a positive impact on the downtown economy. At the June 5, 2017 Main Street Board meeting, the Board approved the request to match \$15,000 of Main Street raised funds and to a request from BCDC matching funds to offer at least two grant opportunities during the FY18 funding cycle. This grant opportunity could fund up to \$15,000 per business to assist with large expenses like code compliance such as fire suppression or ADA requirements. This grant opportunity was briefly discussed with BCDC at the April 20, 2017 Board meeting. With funds allocated from Main Street Brenham and BCDC, \$30,000 would be available for downtown business owners to request per the EIIG guideline. These applications would be vetted and approved by the Main Street Advisory Board which is appointed by City Council.

The Main Street Brenham funding requests are consistent with the goals outlined in the Brenham Downtown Master Plan which was adopted by City Council at the July 19, 2012 Council meeting.

The total FY18 funding request from Main Street Brenham includes:

Main Street		
Design and Construct Pedestrian Linear Park Amenities (Park, 1st Street & Church)	\$150,000	
Design of Pedestrian Retail Amenities at Commerce Street	\$25,000	
Economic Impact and Innovation Grant - Matching BCDC Funds	\$15,000	
Total	\$190,000	

To: BCDC Board Members

From: Dane Rau

Subject: BCDC Funding Request Parks FY17-18

Date: June 7, 2017

The Parks Board met on May 16th to review Parks Department Staff's recommended request for BCDC FY18 funding. Initially Staff presented a request totaling \$1,162,100. After the presentation and discussion Staff advised the Board that BCDC will have approximately \$500,000 for the Parks and Recreation side of your budget.

After further discussion, Staff and the Board agreed on the following prioritize list of items, totaling \$391,000 for Parks.

	Total	\$391,000
	Benches with tables – similar to the other parks; (3) Playground; (4) Improved lighting; and (5) change softball field back to baseball and possibly bring in historical information	
4	Henderson Park Improvements to include: (1) Large BBQ pits; (2)	\$294,900
3	Repaving All Sports Building parking lot	\$45,000
	court goals in all city parks	
2	Basketball Court Goals – Final phase for replacement of the basketball	\$19,100
	in all city parks	
1	Trash Can Replacement – Final phase for replacement of the trash cans	\$32,000

The list below are the items originally presented to the Parks Board. These items are listed in Staff's priority.

3	All Sports Building Parking Lot	\$45,000
4	Rankin Field Score Board	\$30,000
5	Henderson Park Improvements	\$500,000
6	Hattie Mar Flowers Entrance Signs	\$7,000
7	Hohlt Park Playground Equipment	\$68,000
8	Jackson Street Park Parking Lots	\$22,000
9	Hattie Mae Flowers Park Basketball Court Lights	\$15,000
10	Jackson Street Park Soccer Fields Lighting Upgrades	\$342,000
11	Hohlt, Henderson, Fireman's and Jackson Street Park Bottle Filling Stations	\$20,000
12	Hohlt Park Nature Trail Improvements	\$40,000
13	Henderson Park Lightning Detectors	\$11,000
14	Jackson Street Park Lightning Detectors	\$11,000
	Total	\$1,162,100

Economic Development Proposed Plan of Work 2017-18

BRENHAM ECONOMIC DEVELOPMENT FOUNDATION

www.BrenhamEDF.com

For review April 25, 2017

EDF Mission

To promote the development of business and industry in the city and the creation of jobs in the community; and to coordinate economic development efforts among all partners in the City of Brenham, Washington County, Blinn College/SBDC, Bluebonnet Electric region, and the State of Texas.

Goals

- 1. Local business retention & expansion.
- 2. Workforce maximization.
- 3. Attraction of new business to the community.
- 4. Organizational excellence.

Executive Summary

Since mid-year in 2015 when the economy took a dive, economic activity in Brenham has been sluggish. In the first quarter of 2017, activity picked up and there are signs for positive growth in the remainder of the year. There are a couple of large retail developments and a few industrial prospects on the horizon. Along with overseeing the construction of the Workforce Training Center expansion project, the EDF staff have been busy with prospect activity, market research, BR&E visits and website projects. With the departure of Project Manager Clint Kolby and the arrival of a new manager, there will be abundant communications as meetings/visits are conducted with stakeholders and major employers to orient the new team member. New ideas and marketing activities are also anticipated.

The foundational goals of the Brenham EDF are listed above. The strategic objectives outlined on the following pages will be tackled with new energy. Communication between all stakeholders remains a key focus for the EDF staff.

We will continue to assist existing businesses with resources and information. Our focus on the local labor pool will be elevated as the new Workforce Training Center is completed, equipped and brought online. We will continue to pursue more sophisticated and aggressive approaches to recruiting new business. And we will optimize the EDF website, social media channels and other technology tools.

As highlighted last year, the EDF supports the efforts of Main Street Brenham to create a vibrant downtown district. Elevating the quality and uniqueness of the city center acts as a magnet for both large and small industries throughout the area.

What tools do we need to implement this plan?

Skilled, experienced staff.

Funding for marketing activities and personnel.

Technology tools.

An outline of the funding needed to accomplish our Proposed Plan of Work is attached. (Addendum A)

Goal #1 - Promote Local Business Retention & Expansion

Activities:

- A. Maintain/expand the Business Retention & Expansion Program BR&E
 - 1. Conduct in-person surveys with major employers to monitor the local business climate.
 - a. Plan/schedule visits and coordinate with board members to assist.
 - b. Determine if an online survey component will be utilized.
 - 2. Arrange to visit corporate offices of major employers with out-of-town owners.
 - a. Determine future expansion/modernization/consolidation needs.
 - b. Develop relationships with top executives.
 - 3. Develop resources/materials to meet needs identified by local businesses.
 - a. Form committees to identify needs and determine solutions.
 - b. Potentially plan events to disseminate resources and information.
- B. Work with the City of Brenham, Washington County, Bluebonnet Electric and TXDOT to develop infrastructure and assets for economic growth and remove potential barriers to business expansion.
- C. Maintain and promote the Tax Phase-In incentive program to stimulate expansions.
 - 1. Review the current policy (in place through Dec. 2017) and recommend any updates or changes to City Council and County Commissioners.
 - 2. Research what incentives are utilized in other cities around the state and nation to determine how Brenham compares in this arena.

Goal #2 - Promote a Talented, Productive Workforce

Labor availability is one the most important criteria for business location decisions. Brenham offers competitive labor availability for low-skilled workers, but employers often struggle to find skilled and advanced labor that meets their needs.

Activities:

- A. Once the EDA Grant-funded construction of the Workforce & Technical Training facility is completed, implement plans to maximize its usage and success.
 - 1. Curriculum/programming to be determined (from Blinn partners, BR&E surveys).
 - 2. New equipment needs & costs to be identified.
 - 3. Donors/sponsors/grant opportunities to be identified and sought.
 - 4. Promote and publicize Tech Center accomplishments.
- B. Partner with local high schools to gauge needs and expose students to workforce options and training opportunities at the expanded Hodde Tech Center.

- C. Partner with Blinn College Workforce Education department leaders to identify and encourage workforce training opportunities for local businesses (from BR&E surveys and COG data).
 - 1. To grow the skill level of the current workforce.
 - 2. To enlarge the local labor pool that will attract business expansion.

Goal #3 - Attract New Business and Industry to the Community

Activities:

- A. Maintain a state-of-the-art website and inbound marketing program to optimize Brenham's presence online.
 - 1. Implement Search Engine Optimization tips from recent research project.
 - 2. Make sure all data throughout the site is kept up-to-date.
 - 3. Create content for targeted prospects and industries (white papers, ebooks.)
 - 4. Maintain high-quality database of available properties.
- B. Strategically market Brenham to Industrial/Primary Employer prospects.
 - 1. Use the Target Industry Analysis to target companies that will best fit here.
 - 2. Implement the Marketing/Media Activities plan. (Addendum B)
 - 3. Network with Governor's Office, Team Texas and other state agencies.
 - 4. Seek out and assist entrepreneurs with manufacturing start-ups, etc.
 - 5. Partner with Main Street Brenham to identify opportunities in the downtown district.
 - 6. Evaluate greenfield sites in the area for future industrial development.
- C. Provide excellent data for all prospect inquiries with exceptional customer service.
 - 1. Develop proprietary data specific to the Brenham market.
 - 2. Maintain subscription to EMSI database.
 - 3. Review/update layout & contents of prospect proposal.
 - 4. Improve the design/layout of the Brenham Business Center guidelines booklet.
- D. Research additional incentives/tools to lure capital investment and quality jobs to the community.
 - 1. Continue subscription to the Texas Incentives Database.
 - 2. Monitor what other cities are doing.

Goal #4 - Organizational Excellence - Work with all stakeholders to achieve goals

Activities:

- A. Partner with the Greater Brenham Alliance ("the Alliance") on all goals.
 - 1. Continue regular meeting schedule and communication among all partners.
 - 2. Review ideas/plans for annual Stakeholders Summit.
 - 3. Foster discussion about a comprehensive ED Strategic Plan initiative, including input from all partners/stakeholders. This plan would include asset mapping, town hall type collaborative meetings of the community partners, etc.
- B. Pursue professional development opportunities for staff members.
 - 1. Attend training programs for staff members through IEDC, TEDC, GHP and other resource providers.
 - 2. Recruit an experienced staff member and pursue training courses and the economic development certification.
- C. Maintain state-of-the-art technology tools: website, staff computers and peripherals.

Measurements of Success

EDF Key Performance indicators:

Number of BR&E interviews conducted.

Number of companies, jobs and capital investment retained or grown.

Number of Request for Proposals responded to and Proposals delivered.

Number of project "wins" (location decisions).

Number of contacts with site selectors and industry professionals.

Number of projects/committees for which the EDF provides oversight.

Success level of projects in which the EDF plays a pertinent role.

Local Economy performance indicators:

Level and percent increase of the local property tax base.

Level and percent increase of local sales tax.

Level of unemployment.

Level and percent increase in average wages.

Level and percent increase in per capita income.

Level and percent increase in educational attainment for residents.

Success level and time required to get public approvals for incentives.

Addendums

Proposed Budget/Funding Request (Addendum A)

Marketing/Media Activities Plan (Addendum B)
