Board Member Lee Chalmers	Yes
Board Member Trisha Hartstack	Yes
Board Member Tina Henderson	Absent

Board Member Ann Jacobs	Yes
Board Member Courtney Mason	Absent
Board Member Harvey McIntyre	Yes
Board Member Dusty Robinson	Yes

WORK SESSION

4. Discussion and Update Regarding Request for Proposals to Jackson Street Park Phase I Improvements

Public Works Director Dane Rau started this discussion. On February 4, 2025, the City of Brenham along with Burditt Architectural opened a request for proposals regarding the Jackson Street Park Phase 1 Improvements. The scope of work consisted of bringing the entire park up to ADA specifications, enhancement of one restroom facility, adding a new playscape and swing set, upgrading all electrical throughout the park which consist of the walking trail, field lighting, and low-level lighting under the trees and sidewalk extensions. It also includes an additional 4 courts for pickleball.

Within the last two years BCDC has allocated \$1.2 M dollars toward Phase I. With engineering costs, geotechnical reports, and paying for the playground/swing set already that left us with slightly over \$925,000 for the rest of the amenities that we wish to add.

We had a total of 8 companies send proposals for the work, in which all proposals were very complete but overall were over the \$1M mark. The lowest proposal was from DL Meachum at \$1,145,690 with an alternate of \$35,270 for the shade covers for the new pickleball courts. Other bids ranged from \$1.17M, \$1.205M, \$1.26M, \$1.35M and upwards. This leaves us about \$215,000 short.

Next week we will sit down with our finance team along with our administration and see how we would like to proceed. There is an opportunity to award the proposal and then work with the chosen company to value engineering some elements out. We will also take this time to vet the two lowest companies.

If you have any input, we would like to hear those and since there was a base bid and one alternative we will reach out and get a breakout of the specific values to consider. We will work hard to find a way to get this project off the ground and start on these improvements soon.

5. Discussion and Update on Parks and Recreation Projects Funded in 2024-25

Public Works Director Dane Rau started this discussion. We wanted to give you all an update on our 2024-25 funded projects and how they were going as it relates to timing and costs. In the table below you will see how well we have moved these forward and the costs associated with each. By your support along with BCDC this funding allows us to

keep up with our maintenance in the Parks System and at the Aquatic Center. We strive to keep our parks in great shape and are proud of what we have!

2024-2025 BCDC Parks & Recreation Projects

Original
Budget

Actual
Cost
